### COMMENTS:

I am 100% against the KAW  
water line from the Ky. River to  
Lexington, Ky. The cost of such a  
thing is entirely too high. To run  
the line from Louisville would be  
much more cost efficient. The drought  
we are in now has strained the levels of the  
Ky river for the present users - we do not need  
to add to that. Please consider my opinion.

Thank you.
