In Re: City of Campton;
Case No. 2007-00144

Dear Ms. O'Donnell,

I am the City Attorney for the City of Campton. Last week both myself and Mayor Campbell received the attached Order from your office relative to the Cliffview Development located in Wolfe County, Kentucky. The City of Campton and the Campton City Council had agreed in one of its meetings to accept the waterlines in question from the property owner or owners. However, the City of Campton cannot legally do so without the proper authorization from the Public Service Commission. The City is willing to proceed to acquire these lines or to simply abandon this project and allow the current owners to continue to control the waterlines.

The April 27th Order states that an informal conference with the Commission Staff may be requested. The City of Campton would like to request an informal conference to address these matters and hopefully such a hearing would aid in the disposition. Please consider this document as the motion and request by the City of Campton for an informal hearing. If additional documentation needs to be filed in order to secure an informal conference, please advise me of same and I will be glad to forward that to your office. Let us know what the next available date is and myself and the Mayor will be present to discuss this matter. If you have any questions or if I can be of any additional assistance, please contact my office. I look forward to hearing from you.

Sincerely,

B. Scott Graham
City Attorney
City of Campton
