RE: Formal Application for Tariff Revisions

Case No. 2007-00169

This is an application to add tariff language for accepting credit/debit card payments from customers. Attached is the proposed tariff sheet which includes the policy and cost formula for the service.

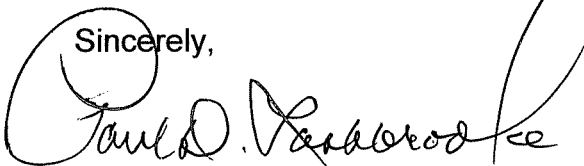

The District is not requesting a water rate increase at this time. The customers affected by these charges will be the customers that utilize the credit/debt card payment option.

The District has previously filed income statements and balance sheets with the Public Service Commission. These income statements and balance sheets are currently on file with the Commission.

The District will publish the enclosed public notice of the requested rate in the local newspaper for three consecutive weeks, and will follow up with an affidavit from the newspaper verifying that the notice was published for three consecutive weeks.

A copy of this application and related filings has been sent to the Office of the Attorney General, State Capitol Building, Suite 118, Frankfort, KY 40601.

Sincerely,

Paul D. Lashbrooke

TERMS AND REGULATIONS

Credit/Debit Card Policy

All customers may pay their bill by credit or debit card. This method of payment may be made in person at the Webster County Water District office or by telephone.

If on the bill due date an attempt to pay by credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied, the same rules as above apply, in addition to his/her service being disconnected.

When a customer makes a payment by credit or debit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit or debit account but may be a flat fee per transaction. Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.
