PUBLIC SERVICE
COMMISSION

VIA HAND DELIVERY

RE: **Application of Celco Partnership d/b/a Verizon Wireless, for
Issuance of a Certificate of Public Convenience and Necessity to
Construct an Additional Facility at 57 Iles Mill Road, Salt Lick,
Bath County, Kentucky ("Application")
PSC Case No. 2007-00170 (Snedegar Facility)**

Dear Ms. O'Donnell:

Please be advised that the undersigned represents Verizon Wireless in regard to the above-referenced Application which I am filing on its behalf today with the Commission.

Enclosed please find one original and three copies of the Application along with one set of project description drawings, both of which are signed and sealed by a licensed professional engineer in Kentucky.

The Public Service Commission of Kentucky previously approved the proposed cell facility on September 29, 2005, but it is now necessary to reapply due to the inability of Verizon Wireless to construct the facility within the required time frame imposed by the Federal Aviation Administration, Kentucky Airport Zoning Commission and the Public Service Commission of Kentucky.

Any comments or questions in regard to the application should be forwarded to the undersigned. Thank you for your assistance in this matter.

Sincerely,

W. Brent Rice
Counsel for Verizon Wireless
