

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF GARRARD COUNTY)	
WATER ASSOCIATION, INC. TO INCREASE)	CASE NO. 2007-00113
CERTAIN NON-RECURRING CHARGES)	

COMMISSION STAFF'S INTERROGATORIES
AND REQUEST FOR PRODUCTION OF DOCUMENTS TO
GARRARD COUNTY WATER ASSOCAITION, INC.

Garrard County Water Association, Inc. ("Garrard"), pursuant to 807 KAR 5:001, shall file with the Commission on or before May 21, 2007 the original and 8 copies of the following information, with a copy to all parties of record. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the person who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure that it is legible.

Each response shall be under oath or, for representatives of a public or private corporation, a partnership, an association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Garrard shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though

correct when made, is now incorrect in any material respect. For any request to which Garrard fails to furnish all or part of the requested information, Garrard shall provide a written explanation of the specific grounds for its failure to furnish.

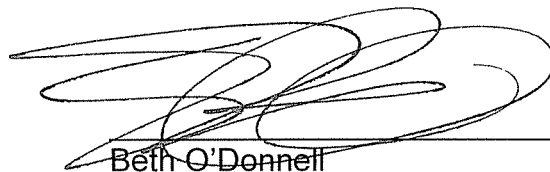

Careful attention shall be given to copied material to ensure its legibility. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be provided for total company operations and jurisdictional operations, separately.

1. Refer to Garrard's Application, cost justification for 5/8" x 3/4" Meter, Section G. The administrative expense does not match the administrative expense in Section F. State which is the correct amount.

2. Provide a tariff sheet containing language explaining the utility's policy concerning the turn-on charge. Include a detailed explanation of when the charge will be applied.

3. Refer to the cost justification sheets. The transportation expense for the meter turn-on charge, new meter inspection charge, and customer requested meter test charge is listed as \$10 for each charge. The transportation expense for the reconnection charge and reconnection charge after business hours charge is listed as \$20 for each charge. The transportation expense for the delinquent account field collection charge is listed as \$9. Explain the basis on which the transportation expense was established for each of the charges and why it is appropriate for these to be different.

4. Refer to the reconnection charge after business hours cost justification sheet. Explain why in 1.B. labor has two hours listed compared to the cost justification sheet for reconnection charge during regular hours which has one and a half hours listed for labor.
