RE: Water Rate increase to:
North Shelby Water Company
West Shelby Water District

Dear Ms. O'Donnell:

On May 21, 2007, the Shelbyville Municipal Water & Sewer Commission approved and recommended a rate increase (3% on water service, and 4% on sewer service) to the Shelbyville City Council. It is anticipated that the Council will have the first reading/hearing in June and the second reading/hearing by early July.

Upon Council approval, the rate increases shall go into effect with the September 1, 2007 billing, which is for water/sewer usage between mid-July and mid-August.

As the increases do affect two Water Districts that are Contract Water Purchasers, enclosed are the "Forms for Filing Rate Schedules" as required by the Kentucky PSC.

Under separate cover, we are advising both North Shelby and West Shelby of the forthcoming hearings and rate increase.

I believe that this is all that is required by your Office, however if any additional actions are needed, please advise me immediately.

Sincerely,

Thomas G. Doyle
Manager
