Joann Estates Utilities, Inc. Customers:

Due to the ever increasing cost of upgrade and maintenance to our sewer system, Joann Estates Utilities, Inc. has filed for a rate increase with the Public Service Commission of Kentucky.

We have not had a rate increase in many years and during that time the cost of operating, testing and maintenance have increased to such a degree we are unable to continue providing service to you the customer as effectively without this increase.

If the Public Service Commission approves this rate increase, we propose the effective date of the increase to begin August, 2007.

The following page lists the current and proposed rates and your rights as a consumer.

We thank you for your continued service and if you have any questions, please feel free to contact us.

Sincerely,
