PUBLIC SERVICE  
COMMISSION

To Whom It may Concern,

I was writing in regards to the cell phone tower you want to place within 500' of my home.

I am against this idea, you just placed one tower there not even two years ago, plus I can see at least six towers from my home, so surely you have enough signal for your cell phones already without placing another near me.

These towers are sure to put off dangerous waves that are harmful to our health or you wouldn't give us a chance to object to you putting them up near our homes where we raise our children and grandchildren.

This letter is in regards to docket number 2007-00452.

Thank You

(606) 271-8451
