PUBLIC SERVICE
COMMISSION

**APPLICATION OF ATMOS
ENERGY FOR MODIFICATION
OF ITS APPROVED
HEDGING PROGRAM**

**FIRST DATA REQUEST OF
ATTORNEY GENERAL
DATED 1/31/2008**

CASE NO. 2007-00551

REDACTED COPY

Atmos Energy Corporation, Kentucky
Case No. 2007-00551
Attorney General 1st Data Request Dated January 31, 2008
DR Item 1
Witness: Mark Martin

Data Request:

Please provide a copy of reports showing the historical experience of Atmos' hedging program for the past five (5) years.

Response:

Below is a table which lists the Company's hedge program results for the past five (5) years.

Year	Volume	Benefit (Cost)
2002-03 Winter	2,970,000	\$3,618,385
2003-04 Winter	3,500,000	\$126,400
2004-05 Winter	1,050,000	\$307,280
2005-06 Winter	0	\$0
2006-07 Winter	1,830,000	(\$2,105,540)
Five Year Totals	9,350,000	\$1,946,525

Atmos Energy Corporation, Kentucky
Case No. 2007-00551
Attorney General 1st Data Request Dated January 31, 2008
DR Item 2
Witness: Mark Martin

Data Request:

Please provide a complete explanation on whether Atmos believes the hedging program has been successful in saving money on gas purchases. The explanation should include any and all relevant data which the company uses to support its explanation.

Response:

The Company believes that the goal of any hedging program is to create price stability and not to achieve the lowest price. The Company believes that its hedging program has been successful in creating price stability which has been the Commission's main stated objective, both in Administrative Case No. 384 and in past hedging plan cases. The Company believes that if it has the option to take advantage of price declines that currently fall outside of the hedging implementation period then customers would enjoy greater price stabilization.

Atmos Energy Corporation, Kentucky
Case No. 2007-00551
Attorney General 1st Data Request Dated January 31, 2008
DR Item 3
Witness: Mark Martin

Data Request:

Please provide a spreadsheet showing historical data for the past five (5) years, by each month, for gas purchasing prices for Atmos. The monthly data entry should be consistent by month; i.e., middle of the month, end of the month, etc.

Response:

Attached are internal gas cost reports. The Company has readily available information back to October 2003. Records prior to October 2003 are stored offsite at our Central Records office. From October 2003 to May 2005, the Company has attached reports from our Gas Accounting Department. From June 2005 to current, the Company has attached reports from our Gas Supply Department. The average prices listed are weighted amongst supply, transportation and storage costs. These reports contain confidential information and should be treated as trade secret.

Atmos Energy Corporation, Kentucky
Case No. 2007-00551
Attorney General 1st Data Request Dated January 31, 2008
DR Item 4
Witness: Mark Martin

Data Request:

Please provide a spreadsheet showing historical data for the past five (5) years, by each month, for gas prices available on any and all markets where Atmos purchases gas for its Kentucky customers. The monthly data entry should be consistent by month; i.e., middle of the month, end of the month, etc. In the event the data is not consistent, please provide a data entry for each month and provide an explanation for the company's use of the entry.

Response:

The Company monitors the NYMEX in determining when to enter hedge transactions. The NYMEX changes constantly, but remains the best indicator of future prices. Monthly purchases will be priced at a first of month index, most commonly referred to as the Inside FERC (IF) index. The Company's service area is served by three pipelines; Texas Gas, Tennessee Gas and Trunkline. Attached are the IF prices for the past five (5) years.
