Re: Jackson Purchase Energy Corporation;
Environmental Surcharge Notice of Intent

Dear Ms. O'Donnell:

This letter is sent on behalf of Jackson Purchase Energy Corporation ("JPEC"). As the Commission is aware, JPEC is a retail electric supplier and is a member of Big Rivers Electric Corporation ("Big Rivers").

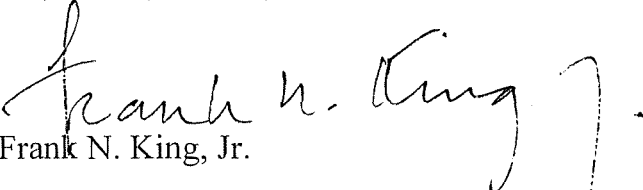

In pending Case No. 2007-00460 Big Rivers is requesting approval of an environmental surcharge tariff. JPEC will be making application to the Commission for approval of an environmental surcharge rider which will flow through to retail customers any credit or charge resulting from the Big Rivers' environmental surcharge tariff.

KRS 278.183 is not clear as to whether an advance notice of intent to file is required for a retail electric supplier. This statute requires a 30 day advance notice of intent to file a compliance plan but JPEC does not generate electricity and will not be filing such a plan. However, in the event the Commission believes advance notice of intent is required for a retail electric supplier, please accept this letter as such notice on behalf of JPEC.

Very truly yours,

DORSEY, KING, GRAY, NORMENT & HOPGOOD
