Dan Brewer, President & CEO Blue Grass Energy Cooperative Nicholasville, Kentucky 40340

Dear Mr. Brewer:

This will confirm our understanding of the arrangements for my audit of the financial statements for the year ended April 30, 2007

I will audit the Cooperative's balance sheet as of April 30, 2007, and the related statements of revenue and patronage capital and cash flows for the year then ended.

The objective of the audit is the expression of an opinion about whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. My audit will be conducted in accordance with U.S. generally accepted auditing standards and will include test of your accounting records and other procedures I consider necessary to enable me to express such an opinion. If my opinion is other than unqualified, I will discuss the reasons with you in advance. If, for any reason, I am unable to complete the audit or are unable to forma or have not formed an opinion, I may decline to express an opinion or to issue a report as a result of this engagement.

My procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical evidence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected customers, creditors, and financial institutions. I will also request written representations from your attorney as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of my audit, I will require certain written representations from you about the financial statements and related matters.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, my audit will involve judgment about the number of transactions to be examined and the areas to be tested. Also, I will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (a) errors, (b) fraudulent reporting, (c) misappropriation of assets, or (d) violations of laws or governmental regulations that are attributable to the Cooperative or to acts by management or employees acting on behalf of the Cooperative.

- The audit is being performed as a requirement of RUS security instrument and any violation of RUS audit requirements shall place the RUS borrower in technical default of the RUS security instrument.

Because an audit is designed to provide reasonable, but not absolute, assurance and because I will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by me. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, I will inform you of any material errors that come to my attention, and I will inform you of any fraudulent financial reporting or misappropriation of assets that comes to my attention. I will also inform you of nay violations of laws or governmental regulations to come to my attention, unless clearly inconsequential. My responsibility as auditor is limited to the period covered by my audit and does not extend to any later periods for which I was not engaged as auditor.

My audit will include obtaining an understanding of internal control sufficient to plan the audit and to determine the nature, timing, and extent of audit procedures to be performed. An audit is not designed to provide assurance on internal control or to identify reportable conditions, that is, significant deficiencies in the design or operation of internal control. However, during the audit, if I become aware of such reportable conditions, I will communicate them to you.

You are responsible for establishing and maintaining internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; and for the fair presentation in the financial statement of financial position, results of operations and cash flows in conformity with U.S. generally accepted accounting principles. You are also responsible for management decisions and functions; for designating an individual witl suitable skill, knowledge, or experience to oversee the tax services I provide; and for evaluation the adequacy and results of those services and accepting responsibility for them.

You are responsible for making all financial records and related information available to me and for the accurac and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to me in the management representation letter that the effects of any uncorrected misstatements aggregated by me during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing me about all known or suspected fraud affecting the company involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing me of your knowledge of any allegations of fraud or suspected fraud affecting the company received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the Cooperative complies with applicable laws and regulations.

In accordance with the requirements of the Rural Utilities Service (RUS), I assure you of the following:

- The audit is being performed as a requirement of RUS security instrument and any
 violation of RUS audit requirements shall place the RUS borrower in technical default of
 the RUS security instrument.
- The Auditor's Report will be signed by Alan M. Zumstein, CPA, a certified public accountant in good professional standing with the state licensing board.

- I will comply with generally accepted government auditing standards, the rules and regulations of professional conduct promulgated by the accountancy board of the state of Kentucky and the Code of Professional Ethics of the American Institute of CPAs.
- I am independent as defined and interpreted by the Professional Ethics Division of the AICPA and as defined by 7 CFR 1773.4 (b).
- I belong to an approved peer review program (Private Companies Practice Section) and have received an unqualified opinion within three years of the "as of" date of the audit.
- The audit will be performed and the Auditor's Report, report on compliance, report on internal controls and management letter will be performed in accordance with requirements of RUS, will comply with generally accepted auditing standards and will be submitted to the Board of Directors within three months of the "as of" audit date.
- Audit work papers will be made available to RUS, Office of Inspector General (OIG) and the General Accounting Office (GAO). RUS, OIG or GAO may photocopy all audit and compliance workpapers as requested.
- I will disclose all disallowance's resulting from testing performed as set forth in 7 CFR 1773.40 and will follow the requirements of reporting irregularities and illegal acts outlined in 7 CFR 1773.7.
- I will report audit findings to the Board of Directors as required by 7 CFR 1773.25.

My audit is subject to the inherent risk that material errors and irregularities, including fraud or defalcations, if they exist, will not be detected. However, I will inform you of irregularities that come to my attention.

Fees for these services will be \$8,900. Invoices will be submitted as work progresses, and are payable on presentation. Should any situation arise that would materially increase this fee, I will, of course, notify you.

If this letter correctly expresses your understanding of these arrangements, please indicate your approval by signing the enclosed copy and returning to me. I have also included a Certification of Debarment and Suspension and my last peer review report and letter of comment, as required for audits of RUS borrowers.

Sincerely,

Alan M. Zumstein, CPA
