Re: Case number 2008-00080

Dear Executive Director:

I am an attorney representing Tracy Sullivan Sears and the Edith Sullivan Sutton Life Estate. I write on their behalf to object to the proposed construction.

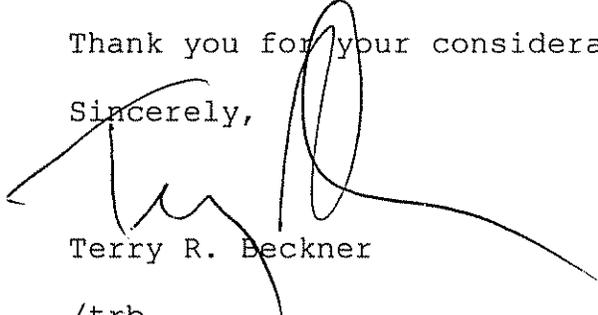

The proposed cellular telephone tower will be on a tract immediately adjacent to the home of the Tracy Sears and other homes located on her property. The home is located in a rural area away from any businesses or industrial facilities.

The proposed tower is 240 feet tall and will dominate everything else in the vicinity. This large tower will be approximately 1000 to 1200 feet from the residence of Ms. Sears. The location of this tower in the immediate vicinity of the home and property of my clients will destroy the rural nature of the property. The tower will further have a negative impact on the fair market value of their property.

My clients wish to assert their rights to intervene in this matter. I request that they be provided with notice of any hearings or further proceedings with respect to this application.

Thank you for your consideration of this matter.

Sincerely,

Terry R. Beckner
