Public Service Commission  
211 Sower Boulevard  
P.O. Box 615  
Frankfort, Ky 40601

To Commission Board;

Please allow me to voice my opposition to  
the rate increase for Kentucky Utilities.

My monthly bill was as follows:

? Customer charge	\$ 5.00
Energy charge	\$ 121.72
Fuel Adjustment	\$ 15.92
? Residential DSTM	\$ 3.92
Environmental Surchage	\$ 10.44
Home Energy Assistance	\$ .10
? Rate increase for school	\$ 4.67

The difference from my actual usage  
is \$38.69. How is this justified  
now, never mind the requested increase.

An additional income for K. U. is a franchise tax collected from the City of Merthead and distributed to K. U. I believe this to be a hidden tax.

I find the charges already applied to the bill to be duplicated and excessive. An increase in rates is unreasonable.

Thank you for your attention.

Sincerely,

Kay Byron  
606. 784. 9170
