COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF DUKE ENERGY KENTUCKY,)CASE NO.INC. FOR AN ADJUSTMENT OF GAS RATES)2009-00202

FIRST DATA REQUEST OF COMMISSION STAFF TO DUKE ENERGY KENTUCKY, INC.

Duke Energy Kentucky, Inc. ("Duke Kentucky"), pursuant to 807 KAR 5:001, is to file with the Commission the original and 10 copies of the following information, with a copy to all parties of record. The information requested herein is due no later than 15 days after the initial submission of Duke Kentucky's rate application. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Duke Kentucky shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which Duke Kentucky fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Provide a copy of the current bylaws. Indicate any changes made to the bylaws since Duke Kentucky's last gas rate case.

2. Provide the current organization chart, showing the relationship between Duke Kentucky and any affiliates. Show the relative positions of all entities and affiliates with which Duke Kentucky routinely has business transactions.

3. Provide the capital structure at the end of the 10 most recent calendar years and each of the other periods shown in Schedule 3a and Schedule 3b.

4. Provide the following:

a. A list of all outstanding issues of long-term debt as of the end of the latest calendar year together with the related information as shown in Schedule 4a.

b. An analysis of short-term debt as shown in Schedule 4b as of the end of the latest calendar year.

5. Provide a list of all outstanding issues of preferred stock as of the end of the latest calendar year as shown in Schedule 5.

Case No. 2009-00202

-2-

6. Provide the following:

a. List all issues of common stock in the primary market during the 10 most recent calendar years as shown in Schedule 6a.

b. The common stock information on a quarterly and yearly basis for the five most recent calendar years available, and through the latest available quarter as shown in Schedule 6b.

c. The market prices for common stock for each month during the five most recent calendar years and for succeeding months through the date the application is filed. List all stock splits and stock dividends by date and type.

7. Provide a computation of fixed charge coverage ratios for the 10 most recent calendar years as shown in Schedule 7.

8. Provide Duke Kentucky's internal accounting manuals, directives, and policies and procedures.

9. Provide Duke Kentucky's budget instructions, assumptions, directives, manuals, policies and procedures, timelines, and descriptions of budget procedures.

10. Provide the studies, including all applicable workpapers, which are the basis for plant allocations and expense account allocations.

11. Describe the procedures that Duke Kentucky uses to plan and approve natural gas construction projects.

12. Provide Duke Kentucky's long-term construction planning program.

13. Concerning Duke Kentucky's natural gas construction projects:

a. For each project started during the last 10 calendar years, provide the information requested in the format contained in Schedule 13a. For each project,

-3-

include the amount of any cost variance and delay encountered, and explain in detail the reasons for such variances and delays.

b. Using the data included in Schedule 13a, calculate the annual "Slippage Factor" associated with those natural gas construction projects. The Slippage Factor should be calculated as shown in Schedule 13b.

c. In determining the capital additions reflected in the base period and forecasted test period, explain whether Duke Kentucky recognized a Slippage Factor.

14. Provide the following monthly account balances and a calculation of the average (13-month) account balances for calendar year 2008:

- a. Plant in service (Account No. 101);
- b. Plant purchased or sold (Account No. 102);
- c. Property held for future use (Account No. 105);
- d. Construction work in progress (Account No. 107);
- e. Completed construction not classified (Account No. 106);
- f. Depreciation reserve (Account No. 108);
- g. Materials and supplies (include all accounts and subaccounts);
- h. Computation and development of minimum cash requirements;

i. Balance in accounts payable applicable to amounts included in utility plant in service (if actual is indeterminable, give reasonable estimate);

j. Balance in accounts payable applicable to amounts included in plant under construction (if actual is undeterminable, give reasonable estimate); and

k. Balance in accounts payable applicable to prepayments by major category or subaccount.

-4-

15. Provide a reconciliation and detailed explanation of each difference, if any, in the capitalization and net investment rate base of Duke Kentucky for the base period.

16. Provide a rate base, capital structure, and statement of income for Duke Kentucky's gas operations for the most recent 12-month period for which information is available at the time it files its application and for the base period used in the application. Provide detailed explanations necessary to reconcile the data for the 12-month period with the filed base period information.

17. Provide the information shown in Schedule 17 for each gas construction project in progress, or planned to be in progress, during the 12 months preceding the base period, the base period, and the forecasted test period.

18. Provide, in the format provided in Schedule 18, an analysis of Duke Kentucky's Construction Work in Progress ("CWIP") for gas operations as defined in the Uniform System of Accounts for each of the projects identified in Schedule 17.

19. Provide a calculation of the rate or rates used to capitalize interest during construction for the three most recent calendar years. Explain each component entering into the calculation of the rate(s).

20. Provide, in the format provided in Schedule 20, an analysis of the gross additions, retirements, and transfers for each major functional gas plant property group or account for Duke Kentucky occurring in the base period and forecasted test period. For any account in which transfers regularly occur in the normal course of business, include a general description of the nature of the transfers.

21. Provide the following information for each item of property or plant held for future use at the beginning of the base period:

Case No. 2009-00202

-5-

- a. Description of property;
- b. Location;
- c. Date purchased;
- d. Cost;
- e. Estimated date to be placed in service;
- f. Brief description of intended use; and
- g. Current status of each project.

22. List all gas and gas-related properties leased to the utility and all improvements to leased properties, together with annual lease payments which are capitalized, in the format provided in Schedule 22.

23. Provide a listing of all non-utility property and accounts where amounts are recorded. Include a description of the property, the date purchased, and the cost.

24. Provide the journal entries relating to the purchase of gas utility plant acquired as an operating unit or system by purchase, merger, consolidation, liquidation, or otherwise since Duke Kentucky's inception. Also, provide a schedule showing the calculation of the acquisition adjustment at the date of purchase of each item of utility plant, the amortization period, and the unamortized balance at the end of the test year.

25. Provide a copy of Duke Kentucky's most recent gas depreciation study. If no such study exists, provide a copy of Duke Kentucky's most recent gas depreciation schedule. The schedule should include a list of all facilities by account number, service life and accrual rate for each plant item, the methodology that supports the schedule and the date the schedule was last updated.

-6-

26. Provide Duke Kentucky's cash account balances at the beginning of calendar year 2008 and at the end of each month since then.

27. Provide the average number of natural gas customers on Duke Kentucky's system (actual and projected), by rate schedule, for the base period and the three most recent calendar years.

28. Provide for Duke Kentucky's gas operations separate schedules showing a comparison of the balance in the total company and Kentucky revenue accounts for each of the 12 most recent months available at the time this response is prepared to the same month of the immediately preceding 12-month period for each revenue account or subaccount included in Duke Kentucky's chart of accounts. Include appropriate footnotes to show the month each rate increase was granted and the month the full increase was recorded in the accounts. See Schedule 28.

29. Provide the following expense account data:

a. A schedule showing a comparison of the balance in Duke Kentucky's operating expense accounts for each month of the most recent 12 months for which information is available at the time the application is filed to the same month of the preceding 12-month period for each account or subaccount included in Duke Kentucky's chart of accounts. See Schedule 29.

b. A schedule, in comparative form, showing the operating expense account balance for the base period and each of the three most recent calendar years for each account or subaccount included in Duke Kentucky's annual report. Show the percentage of increase or decrease of each year over the prior year.

Case No. 2009-00202

-7-

30. Provide a schedule of gas operations net income, per Mcf sold, per company books for the base period and the three calendar years preceding the base period. This data should be provided as shown in Schedule 30.

31. Provide the comparative operating statistics for gas operations as shown in Schedule 31.

32. List separately the budgeted and actual numbers of full- and part-time employees by employee group, by month and by year, for the three most recent calendar years, the base period, and the forecasted test period.

33. Provide the information requested in Schedule 33 for budgeted and actual regular wages, overtime wages, and total wages by employee group, by month, for the five most recent calendar years. Explain in detail any variance exceeding five percent in any one month.

34. Provide a copy of all wage, compensation, and employee benefits studies, analyses, or surveys conducted since Duke Kentucky's last gas rate case or that are currently utilized by Duke Kentucky.

35. For each employee group, state the amount, percentage increase, and effective dates for general wage increases and, separately, for merit increases granted or to be granted in 2007, 2008, the base period, and the forecasted test period.

36. Provide a schedule reflecting the salaries and other compensation of each executive officer for the base period and three most recent calendar years. Include the percentage annual increase and the effective date of each increase, the job title, duty and responsibility of each officer, the number of employees who report to each officer, and to whom each officer reports. For employees elected to executive officer status

-8-

since the test year in Duke Kentucky's most recent gas rate case, provide the salaries for the persons they replaced.

37. Describe in detail how the base period capitalization rate was determined. If different rates were used for specific expenses (i.e., payroll, clearing accounts, depreciation, etc.), indicate the rate and how it was determined. Indicate all proposed changes to the capitalization rate and how the changes were determined.

38. Provide all current labor contracts and the most recent labor contracts previously in effect.

39. Provide each group medical insurance policy that Duke Kentucky currently maintains.

40. Provide detailed descriptions of all early retirement plans or other staff reduction programs Duke Kentucky has offered or intends to offer its employees during either the base period or the forecasted test period. Include all cost-benefit analyses associated with these programs.

41. Concerning employee fringe benefits:

a. Provide a detailed list of all fringe benefits available to Duke Kentucky employees and the expected cost of each benefit in the base period and the forecasted test period. Indicate which fringe benefits, if any, are limited to management employees.

b. Provide comparative cost information for the base period and the
 12 months preceding the base period. Explain any changes in fringe benefits occurring
 over this 24-month period.

Case No. 2009-00202

-9-

42. Provide a complete description of Duke Kentucky's Other Post-retirement Employee Benefits package(s) provided to its employees.

43. Provide a complete description of the financial reporting and rate-making treatment of Duke Kentucky's pension costs.

44. For each of the following Statements of Financial Accounting Standards ("SFAS"), provide the information listed concerning implementation by Duke Kentucky.

a. SFAS No. 106, "Employers' Accounting for Postretirement Benefits Other Than Pensions."

(1) The date that Duke Kentucky adopted the SFAS.

(2) The effect on the financial statements.

(3) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.

b. SFAS No. 112, "Employers' Accounting for Postretirement Benefits."

(1) The date that Duke Kentucky adopted the SFAS.

(2) The effect on the financial statements.

(3) Whether the base period or forecasted test period includes

any impact of the implementation. If so, provide a detailed description of the impact.

c. SFAS No. 143, "Accounting for Asset Retirement Obligations."

(1) The date that Duke Kentucky adopted the SFAS.

- (2) The effect on the financial statements.
- (3) Whether the base period or forecasted test period includes

any impact of the implementation. If so, provide a detailed description of the impact.

d. A schedule comparing the depreciation rates utilized by Duke Kentucky prior to and after the adoption of SFAS No. 143. The schedule should identify the assets corresponding to the affected depreciation rates.

e. SFAS No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans."

(1) The date that Duke Kentucky adopted the SFAS.

(2) The effect on the financial statements.

(3) Whether the base period or forecasted test period includes any impact of the implementation. If so, provide a detailed description of the impact.

45. As the historical data becomes available, provide detailed monthly income statements for each forecasted month of the base period, including the month in which the Commission hears this case.

46. Provide the amount of excess deferred federal income taxes resulting from the reductions in the corporate tax rate in 1979 and 1986 as of the end of the test year. Show the amounts associated with the 1979 reduction separately from the amounts associated with the 1986 reduction.

47. Provide the following tax data for the most recent calendar year for the company's gas operations:

a. Income taxes:

(1) Federal operating income taxes deferred – accelerated tax depreciation.

(2) Federal operating income taxes deferred – other (explain).

(3) Federal income taxes – operating.

Case No. 2009-00202

-11-

(4) Income credits resulting from prior deferrals of federal income taxes.

- (5) Investment tax credit net.
 - (i) Investment credit realized.
 - (ii) Investment credit amortized Pre-Revenue Act of

1971.

- (iii) Investment credit amortized Revenue Act of 1971.
- (6) The information in Item 47(a)(1-4) for state income taxes.

(7) A reconciliation of book to federal taxable income as shown in Schedule 47a(1) and a calculation of the book federal income tax expense for the base period using book taxable income as the starting point.

(8) A reconciliation of book to state taxable income as shown in Schedule 47a(2) and a calculation of the book state income tax expense for the base period using book taxable income as the starting point.

(9) A copy of federal and state income tax returns for the most recent tax year, including supporting schedules.

(10) A schedule of franchise fees paid to cities, towns, or municipalities during the test year, including the basis of these fees.

b. An analysis of Kentucky Other Operating Taxes as shown in Schedule 47b.

48. Provide the following information with regard to uncollectible accounts for the three most recent calendar years for gas operations:

a. Reserve account balance at the beginning of the year;

-12-

- b. Charges to reserve account (accounts charged off);
- c. Credits to reserve account;
- d. Current year provision;
- e. Reserve account balance at the end of the year; and
- f. Percent of provision to total revenue.

49. Provide Duke Kentucky's written policies on the compensation of outside attorneys, auditors, consultants, and all other professional service providers. Include a schedule of fees, per diems, and other compensation in effect during the base period. Include all agreements, contracts, memoranda of understanding, and any other documentation that explains the nature and type of reimbursement paid for professional services. Indicate if any changes have occurred since the test year of its last gas rate case, the effective date of these changes, and the reason for these changes.

50. Provide a detailed analysis of expenses charged to gas operations for professional services during the most recent 12-month period for which information is available at the time the application is filed, as shown in Schedule 50, and all workpapers supporting the analysis. At a minimum, the workpapers should show the payee, dollar amount, reference (i.e., voucher no., etc.), account charged, hourly rates and time charged to the company according to each invoice, and a description of the services provided.

51. Provide the following information for the company's gas operations. If any amounts were allocated, show a calculation of the factor used to allocate each amount.

a. A detailed analysis of charges booked for advertising expenditures during the most recent 12-month period for which information is available at the time the

-13-

application is filed. Include a complete breakdown of Account No. 913 – Advertising Expenses, and any other advertising expenditures included in any other expense accounts, as shown in Schedule 51a. The analysis should specify the purpose of the expenditure and the expected benefit to be derived.

b. An analysis of Account No. 930 -- Miscellaneous General Expenses for the most recent 12-month period for which information is available at the time the application is filed. Include a complete breakdown of this account as shown in Schedule 51b and provide detailed workpapers supporting this analysis. At a minimum, the analysis should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Schedule 51b.

c. An analysis of Account No. 426 – Other Income Deductions for the most recent 12-month period for which information is available at the time the application is filed. Include a complete breakdown of this account as shown in Schedule 51c, and provide detailed workpapers supporting this analysis. At a minimum, the analysis should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Schedule 51c.

52. List all present or proposed research efforts dealing with the pricing of natural gas and the current status of such efforts.

53. Provide an analysis of Duke Kentucky's gas operations expenses for research and development activities for the base period and the three most recent calendar years. The analysis should include the following:

Case No. 2009-00202

-14-

a. Basis of fees paid to research organizations and Duke Kentucky's portion of the total revenue of each organization. Where the contribution is monthly, provide the current rate and the effective date.

b. Details of the research activities conducted by each organization.

c. Details of services and other benefits provided to the utility by each organization.

d. Annual expenditures of each organization with a basic description of the nature of costs incurred by the organization.

e. Details of the expected benefits to the utility.

54. Provide the following information concerning the costs for the preparation of this case:

a. A detailed schedule of expenses incurred to date for the following categories:

- (1) Accounting;
- (2) Engineering;
- (3) Legal;
- (4) Consultants; and
- (5) Other Expenses (identify separately).

For each category, the schedule should include the date of each transaction, check number or other document reference, the vendor, the hours worked, the rates per hour, amount, a description of the services performed, and the account number in which the expenditure was recorded. Provide copies of contracts or other documentation that

-15-

support charges incurred in the preparation of this case. Identify any costs incurred for this case that occurred during the base period.

b. An itemized estimate of the total cost to be incurred for this case. Expenses should be broken down into the same categories as identified in (a) above, with an estimate of the hours to be worked and the rates per hour. Include a detailed explanation of how the estimate was determined, along with all supporting workpapers and calculations.

c. Provide monthly updates of the actual costs incurred in conjunction with this rate case, reported in the manner requested in (a) above. Updates will be due when Duke Kentucky files its monthly financial statements with the Commission, through the month of the public hearing.

55. To the extent not included in other responses, provide all workpapers, calculations, and assumptions Duke Kentucky used to develop its forecasted test period financial information.

56. Provide the following information for the most recent calendar year concerning Duke Kentucky and its affiliated service corporation:

a. A schedule detailing the costs directly charged to Duke Kentucky and costs allocated by Duke Kentucky to the service corporation. Indicate the Duke Kentucky accounts where these costs were originally recorded and whether the costs were associated with electric operations only, gas operations only, or both electric and gas operations. For costs that are allocated, include a description of the allocation factors

Case No. 2009-00202

-16-

b. A schedule detailing the costs directly charged to Duke Kentucky and costs allocated by the service corporation to Duke Kentucky. Indicate the Duke Kentucky accounts where these costs were recorded and whether the costs were associated with electric operations only, gas operations only, or both electric and gas operations. For costs that are allocated, include a description of the allocation factors utilized.

57. Describe Duke Kentucky's lobbying activities and provide a schedule showing the name, salary, and job title of each individual whose job function involves lobbying on the local, state, or national level.

ear Average Slippage Factor (Mathematic Average of the Yearly Slippage Factors / 10 years)	Totals					
	ear Average Slipp	page Factor (Mathematic	Average of the Yearly S	lippage Factors / 10 yea	ars)	

The Annual Actual Cost, Annual Original Budget, Variance in Dollars, and Variance as Percent are to be taken from Schedule 13a. Total all projects for a given year.

The Slippage Factor is calculated by dividing the Annual Actual Cost by the Annual Original Budget. Calculate a Slippage Factor for each year and the Totals line. Carry Slippage Factor percentages to 3 decimal places.
