Public Service Commission:

In our previous e-mail to you, we requested a Public Hearing in Hardin County regarding the proposed rate increase by Kentucky Utilities. Since there will not be a hearing in Hardin County and we are not physically able to attend any of the other hearings, we will not be permitted to voice our objections. Therefore, consider this to be our written objections: because of the economic conditions and difficult times for senior citizens, as well as many other citizens. Also, we want to add our objection to the deceiving presentation of percentage of increase as given by Kentucky Utilities. For example, if Kentucky Utilities is permitted their request of raising the Customer Charge from \$5 to \$15, our calculations show that represents a 200% increase. Do you agree with our calculations? We trust the Attorney General or the Assistant Attorney General will represent our concerns since we cannot attend the public hearings.

Sincerely,  
James and Mary Hazle  
Elizabethtown, KY
