Louisville Gas and Electric Company	(2) _ A Resubmission	03/31/2007	2006/Q4			
FOOTNOTE DATA						

Schedule Page: 256 Line No.: 1 Column: a
Notes to FERC Form No.1 page 256:

- (1) Per instruction 9 concerning the treatment of unamortized debt expense, premium or discount Debt premium and expenses are being amortized over the lives of the related issues.
- (2) Pollution Control Bonds (Louisville Gas & Electric Projects) issued by Jefferson and Trimble Counties, Kentucky are secured by the assignment of loan payments by the Company to the Counties pursuant to loan agreements, and certain series are further secured by the delivery from time to time of an equal amount of the Company's First Mortgage Bonds, Pollution Control Series. No principal or interest is payable on these First Mortgage Bonds unless default on the loan agreements occurs.
- (3) As of December 31, 2006, the Company had in effect five interest-rate swap agreements to hedge its exposure to tax exempt rates related to Pollution Control Bonds, Variable Rate Series. The Company's positions under the swap agreements are to pay a fixed rate and receive a variable rate based on the Bond Market Association Municipal Swap Index or London Interbank Offered Rate (LIBOR) and received a fixed rate. The specifics for each swap agreement related to notional amounts, maturity dates, payable and receivable positions are as follows:

Notional Amount	Maturity	Payable	Receivable
\$83,335,000	11/02/2020	Fixed 5.495%	BMA Index
\$32,000,000	10/01/2032	Fixed 3.657%	68% of 1 mo LIBOR
\$32,000,000	10/01/2032	Fixed 3.645%	68% of 1 mo LIBOR
\$32,000,000	10/01/2032	Fixed 3.695%	68% of 1 mo LIBOR
\$32,000,000	10/01/2032	Fixed 3.648%	68% of 1 mo LIBOR

(4) Annual requirements for sinking funds of the First Mortgage Bonds (other than First Mortgage Bonds issued in connection with the Pollution Control Bonds) are the amounts necessary to redeem 1% of the highest principal amount of each series of bonds at any time outstanding. Property additions (166 2/3% of principal amounts of bonds otherwise required to be so redeemed) have been applied in lieu of cash.

The trust indenture securing the First Mortgage Bonds constitutes a direct first mortgage lien upon substantially all property owned by the Company. The indenture, as supplemented, provides that portions of retained earnings will not be available for dividends on common stock under certain conditions. No portion of retained earnings is presently restricted by the provision.

(5) See Note 1 of Notes to Financial Statements.

	(2) [ ] A Resubmission	03/31/2007	Dec. 31, 2006
UNAMORTIZED LOSS AND GAIN ON	REACQUIRED DEBT (Account 189	257)	

- Report under separate subheadings for Unamortized Loss and Unamortized Gain on Reacquired Debt, particulars (details) of gain and loss, including maturity date, on reacquisition applicable to each class and series of long-term debt. If gain or loss resulted from a refunding transaction, include also the maturity date of the new issue.
- 2. In column (c) show the principal amount of bonds or other long-term debt reacquired.
- In column (d) show the net gain or net loss realized on each debt reacquisition as computed in accordance with General Instruction 17 of the Uniform Systems of Accounts.
- 4. Show loss amounts by enclosing the figures in parentheses.
- 5. Explain in a footnote any debits and credits other than amortization debited to Account 428.1, Amortization of Loss on Reacquired Debt, or credited to Account 429.1, Amortization of Gain on Reacquired Debt-Credit.

#### OTHER GAS REVENUES (ACCOUNT 495)

For transactions with annual revenues of \$250,000
or more, describe, for each transaction,
commissions on sales of distributions of gas of
others, compensation for minor or incidental
services provided for others, penalties, profit or
loss on sales of material and supplies, sales of
steam, water, or electricity, miscellaneous
royalties,

revenues from dehydration, other processing of gas of others, and gains on settlements on imbalance receivables. Separately report revenues from cash-out penalties.

GAS USED IN UTILITY OPERATIONS--CREDIT (Accounts 810, 811, 812)

- 1. Report below particulars (details) of credits during the year to Accounts 810, 811 and 812 which offset charges to operating expenses or other accounts for the cost of gas from the respondent's own supply.
- 2. Natural gas means either natural gas unmixed, or any mixture of natural and manufactured gas. 3. If the reported Mcf for any use is an estimated
- quantity, state such fact in a footnote.

- 4. If any natural gas was used by the respondent for which a change was not made to the appropriate operating expense or other account, list separately in column (c) the Mcf of gas used, omitting entries in columns (d) and (e).
- 5. Report pressure base of measurement of gas volumes at 14.73 psia at 60°F.

CHARGES FOR OUTSIDE PROFESSIONAL AND OTHER CONSULTATIVE SERVICES

1. Report the information specified below for all charges made during the year included in any account (including plant accounts) for outside consultative and other professional services. These services include rate, management, construction, engineering, research, financial,

outside consultative and other professional services. These services include rate, management, construction, engineering, research, financial, valuation, legal, accounting, purchasing, advertising, labor relations, and public relations, rendered for the respondent under written or oral arrangement, for which aggregate payments were made during the year to any corporation, partnership, organization of any kind, or individual (other than for services as an employee or for payments made for medical and related services) amounting to more than \$250,000, including payments for legislative services, except those which should be reported in Account 426.4 Expenditures for Certain Civic, Political and Related Activities.

- (a) Name of person or organization rendering services.
- (b) Total Charges for the year.
- Designate associated companies with an asterisk in column (b).

# Louisville Gas and Electric Company Case No. 2009-00549 Historical Test Period Filing Requirements

Filing Requirement 807 KAR 5:001 Section 10(6)(n) Sponsoring Witness: Shannon L. Charnas

### Description of Filing Requirement:

A summary of the utility's latest depreciation study with schedules by major plant accounts, except that telecommunications utilities that have adopted the commission's average depreciation rates shall provide a schedule that identifies the current and test period depreciation rates used by major plant accounts. If the required information has been filed in another commission case a reference to that case's number and style will be sufficient.

### Response:

On December 28, 2007, the Company filed with the Commission an application filing a new depreciation study (with schedules by major plant accounts) and accompanying testimony in Case No. 2007-00564, In the Matter of: Application of Louisville Gas and Electric Company to File Depreciation Study. On July 29, 2008, the Company filed with the Commission an application for an adjustment of electric and gas base rates in Case No. 2008-00252, In the Matter of: Application of Louisville Gas and Electric Company for an Adjustment of its Electric and Gas Base Rates. By order dated August 22, 2008, the Commission consolidated Case No. 2007-00564 and Case No. 2008-00252. The cases were settled and the Commission approved the settlement by order dated February 5, 2009, with the settlement agreement attached. Exhibit 8 to the settlement agreement is a schedule of the Company's depreciation rates to which the parties agreed and which the Commission approved.

On August 7, 2009, the Company and Kentucky Utilities Company filed a joint application for approval of depreciation rates for their Trimble County Unit 2 generating station. Case No. 2009-00329, In the Matter of: The Joint Application of Kentucky Utilities Company and Louisville Gas and Electric Company for Approval of Depreciation Rates for Trimble County Unit 2. The proposed rates are set forth in a letter attached to the application in Case No. 2009-00329 as Exhibit 1. By interim order dated December 23, 2009, the Commission approved, on an interim basis, the depreciation rates proposed by the Company and Kentucky Utilities Company. Case No. 2009-00329 is still pending.

## Louisville Gas and Electric Company Case No. 2009-00549 Historical Test Period Filing Requirements

Filing Requirement 807 KAR 5:001 Section 10(6)(0) Sponsoring Witness: Valerie L. Scott

# **Description of Filing Requirement:**

A list of all commercially available or in-house developed computer software, programs, and models used in the development of the schedules and work papers associated with the filing of the utility's application. This list shall include each software, program, or model; what the software, program, or model was used for; identify the supplier of each software, program, or model; a brief description of the software, program, or model; the specifications for the computer hardware and the operating system required to run the program.

### Response:
