

Dear Ms. Hagan:

Thank you for your comments regarding the rate increase proposed by Louisville Gas & Electric Co. Your comments will be placed into the case file for the Commission's review as it considers this matter. For your future reference, the case number in this matter is 2009-00549. Please cite it in any future correspondence regarding this case so that your comments may be readily directed to the case file.

Thank you again for your interest.

Andrew Melnykovich  
Director of Communications  
Kentucky Public Service Commission

I cannot believe the rates are increasing. They want you to go green so you can save a few dollars but where am I saving ? Also, they state the increase is due to the ice storm. The ice storm is an act of God and why are they not putting wires under ground ? They can start with new homes or businesses or subdivisions and then get to the other areas but as they can see by the ice storm and this years snow the weather in Kentucky is changing.

Vicki Hagan
