RE: Case No. 2010-00130

I am a sixty nine year old senior citizen, who has taken pride in being honest and truthful in everything I do. I have never tried to get anything that I do not deserve although, I know LGE claims the meter tested satisfactorily.

The fact that I am 100 percent sure of in this case, is when the meter was changed my gas usage came into line with my neighbor's homes of similar size. This is clearly obvious when one looks at the previously supplied chart.

Respectfully,

Norman Vernon
