**REVISED RESPONSE TO STAND ENERGY CORPORATION'S
FIRST REQUEST FOR INFORMATION
JULY 15, 2010
PER PSC ORDER DATED OCTOBER 1, 2010**

1-9

- B. Of the number above, how many customers are using one of Delta's non-regulated affiliates as their natural gas supplier?
- D. Of your total 2009 natural gas sales, what percentage was from regulated sales? What percentage was from non-regulated sales?
- F.1 Are both regulated and non-regulated gas supply purchases purchased under the same contract with M & B?
- H. In Delta Natural Gas Company's Kentucky PSC Case No. 2010-00116 you identified 2009 Special Contracts usage as 1,955,008 Mcf. What percentage of that volume is supplied by your non-regulated marketing affiliate?
- I. Do you allow your non-regulated marketing affiliate to use reserved pipeline capacity (owned by you and paid for by your ratepayers) to deliver gas to the Transportation customers of your unregulated marketing affiliate on your local distribution system?

Response:

- B. Delta's non-regulated affiliate currently supplies 31 on-system transportation customers.
- D. 64% of total calendar 2009 natural gas sales was from regulated sales. 36% was from non-regulated sales.
- F.1 No.
- H. Zero.
- I. Without accepting the characterizations in the question, Delta states that it has released all of its reserved pipeline capacity to its asset manager under an asset management arrangement.
