I have recently received this Public Notice from my mother, Yvonne Spicer. She is no longer the owner of the property referenced in the notice. The property belongs to myself, Nikki Lane, and Kari Terando.

I would appreciate any further correspondence regarding the proposed construction be directed to me. This letter is in response to your notice dated 30 September 2010, however, I did not receive it until 16 October 2010.

Any additional complaints or comments will, from henceforth, be heard by your office from me.

Sincerely,

William P. Palmer, Jr.
