Public Service Commission
P. O. Box 615
Frankfort, KY 40602-0615

RE: **Case No. 2010-00330**
Filing Deficiencies

Dear Mr. Derouen:

When the application for this training request was filed, we failed to reference the following items as pointed out in the PSC deficiency letter dated August 19, 2010:

1. Filing deficiencies pursuant to 807 KAR 5:070:
807 KAR 5:070: Section 1(6) Copy of written materials given to water commissioners attending the program

Kentucky Rural Water Association would like to apologize for this oversight. **There were no handouts given to the commissioners or other attendees during these two-hour training sessions.**

Please accept this letter as an amendment to the original application for the requested commissioner/board member training approval. If additional information is needed, please contact our office.

Sincerely,

Janet Cole
Education Coordinator
