Motion to Intervene Case #2010-397

Dear Commission Members,

We are writing this letter to express our concerns for the proposed rate increase requested by the Center Ridge Water District, Inc. We are opposed to this increase for the following reasons:

- 1) The increase is exorbitant as it is out of proportion with inflation and the cost of living increases.
- 2) District #2 has new water lines and is in close proximity to the offices of Center Ridge Water District. Therefore the cost of maintenance and travel to monitor the other districts should not be passed on to District #2 customers.
- 3) Since we are not at this time permanent residents of 146 Lakepoint Lane, New Concord, KY, we were unaware of this increase proposal, until a few days ago. We do not feel posting this in the newspaper is sufficient notice and that residents should have received notification by mail.
- 4) Also, we have paid our bill in full thru 2010 and an increase should not be allowed until after that time.

In summary we are strongly opposed to this increase.
Thank you for your consideration,

Tom and Adrienne Zalud
