has performed work for the Hillridge for approximately 40 years. Accordingly, Hillridge is very familiar with the capabilities and competency of the contractor that will be chosen to implement the planned repairs to its collection system.

29) Has Hillridge obtained a guarantee or warranty that the repairs its contractor will perform will reduce inflow and infiltration? If so, provide a copy; if not, why not.

Has Hillridge repaired any of the collection system in the past? If so, provide.

Answer. Hillridge objects to this request on the basis that it requests information irrelevant to this application for rate adjustment and surcharge. However, without waiving this objection, Hillridge states that the contractor indicated that it would warrant the work completed by it.
