RE: Case No. 2010-00454

Dear Mr. Derouen;

The District has reviewed the order and staff report dated June 8, 2011 for case No. 2010-00454.

The District believes the rates contained in appendix E of the commission staff report would place an undue burden on its rate payers.

The District does not wish to amend its application to the rates shown in appendix E.

The District does however wish to amend its application for a 15% increase of its rates as opposed to the 10% increase originally requested.

The District has completed a public notice for a 15% increase. Proof of this notice is attached. Also attached is our proposed tariff sheet with the rates necessary for a 15% increase.

Sincerely,

William A. Tanner

NOTICE

The West McCracken County Water District requested, through an application with the KY Public Service Commission, a 10% increase of its water rates. The PSC has reviewed the District's financial records and determined an increase of 33% is justified. The District believes a 33% increase would place an undue burden on its rate payers and has requested the PSC enact an increase of 15%. The original 10% increase is effective June 25, 2011 and will be reflected in your July water bill.
