Kentucky Utilities

Page 2 of 2

In September, 2009, we used 3620 kilowatts of electricity and KU billed us \$392.29. In September, 2010, we used 2586 kilowatts (1100 less kilowatts than in September, 2009), but our bill was \$961.80. In other words, it nearly tripled even though we used 1100 less kilowatts.

(See attached letter dated December 1, 2010 to Mr. Armstrong).

Wherefore, complainant asks that our electric bills for August, September and October, 2010 be reviewed and recalculated consistent with our old rate or consistent with the 8% - 9% rate increase Mr. Gary Wilson from KU told us was approved by the PSC. Then, we demand that the amount that we have been overcharged be refunded to us with interest.

September and October, 2010 be reviewed and recalculated consistent with our old rate or consistent with the 8% - 9% rate increase Mr. Gary

Wilson from KU told us was approved by the PSC. Then, we demand that the amount that we have been overcharged be refunded to us with interest.

Re: KU Rate Increase

Dear Mr. Armstrong:

My partner, Tom Herren, and I have practiced law in the same 2500 square foot office building in downtown Lexington since 1993. Since there is only one provider of electricity, we have always been customers of Kentucky Utilities. Our electric bill for August, 2009 was \$388.86. Our August, 2010 bill was \$755.10. It gets worse.

In September, 2009, we used 3620 kilowatts of electricity and KU billed us \$392.29. In September, 2010, we used 2586 kilowatts (1100 less kilowatts than in September, 2009), but our bill was \$961.80. In other words, it nearly tripled.

Here's a chart of our bills for the 15 months from August, 2009 through October, 2010.

As you can see, our bills in August, September and October, 2010 reflect enormous increases over our previous bills regardless of the kilowatts used or the time of year.

We have talked to the representatives of KU on several occasions and they tell us that the bills are correct and that there is nothing that can be done. They say that from here forward, they will switch us to some other billing plan which might help depending on how much electricity we use, but there's nothing that can be done about our bills that skyrocketed starting in August.

I personally have spoken with a Ms. Katrina Clark and a Mr. Gary Wilson at KU. It's their position that the Public Service Commission approved a rate increase which allows these outrageous increases. Mr. Wilson was almost giddy when he laughingly explained that the PSC had approved the increase and that there is nothing that can be done about the bills.

So here are my questions:

- (1) Did the PSC really approve a rate increase which has resulted in 200% - 300% increases in our electric bills?
- (2) What evidence did KU present which justified such a sudden and enormous increase?
- (3) Is there truly no mechanism or procedure through which our bills for August, September and October, 2010 can be adjusted?
- (4) Am I correct that we have no choice but to get our electricity from KU?
- (5) Does the PSC have a department or even a single employee who advocates on behalf of consumers or does the PSC simply accept as necessary KU's demands for rate increases?

Mr. Armstrong, we just got notice that our small health insurance group's premiums are going up 30.6% in January. Last year, our health insurance went up 32.25%. As bad as that is, it's a far cry from the 200% - 300% increase the PSC recently allowed KU. Also, with health insurance, we can shop around for another company, we can tweak the coverage and get by with less benefits or we can simply stop providing it to our employees altogether.

Hon. David L. Armstrong

We can't run an office without electricity, and as far as I know, we can't get it anywhere but from KU. Sir, please explain to me how in the world KU justified this increase.

Re: Formal Complaint received 12-10-10  
Herren & Adams vs. Kentucky Utilities

Dear Mr. Adams:

The Public Service Commission ("PSC") is in receipt of a Formal Complaint styled Herren & Adams v. Kentucky Utilities, received by the PSC on December 10, 2010. From the information set out in the complaint, it unclear whether or not a prima facie case has been established.

Please file, within ten (10) days of the date of this letter, three (3) copies of the electric bills that Herren & Adams received for the months of June, 2010 through October, 2010 and send them to the Executive Director at:

211 Sower Boulevard  
Frankfort, Kentucky 40602-0615

If you have any questions, please contact Faith Burns of the Commission Staff at 502/564-3940, Extension 235.

Sincerely,

Re: Formal Complaint Received 12/10/10  
*Herren & Adams vs. Kentucky Utilities*

Case No. 2011-00047

Dear Mr. Derouen:

Per your request, please find enclosed three copies of our electric bills for the months of June, 2010 through October, 2010.

I am also enclosing three copies of our electric bill from September, 2009. In September, 2009, we used 3620 kilowatts of electricity and KU billed us \$392.29. In September, 2010, we used 2586 kilowatts (1100 less kilowatts) than in September the year before, but our bill was \$961.80. In other words, our bill nearly tripled even though we used substantially less electricity.

Finally, I am enclosing a notice which KU claims was inserted in our February, 2010 bill. KU says that we were in the "Power Service" rate class. As you can see, in the notice KU estimated that our monthly bill would only be increased by 10.44%. Instead, our bills went up 200% - 300%.

Please let me know if there is anything else you need from us. Thank you.

Very truly yours,

Charles C. Adams, Jr.

KU is proposing to increase the required Customer Deposit for residential electric customers served under Residential Rate RS from the current amount of \$135.00 to \$160.00 (19% increase), and the required Customer Deposit for general service customers served under General Service Rate GS from the current amount of \$140.00 to \$220 (57% increase).

The rates contained in this notice are the rates proposed by Kentucky Utilities Company; however, the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this notice.

Notice is further given that any corporation, association, body politic or person with a substantial interest in the matter may by written request, within thirty (30) days after publication of the notice of the proposed rate changes, request to intervene. The motion shall be submitted to the Public Service Commission, 211 Sower Boulevard, P. O. Box 615, Frankfort, Kentucky 40601, and shall set forth the grounds for the request, including the status and interest of the party. Intervention may be granted beyond the thirty (30) day period for good cause shown. Any person who has been granted intervention may obtain copies of the application and any other filing made by the utility by contacting Lonnie E. Bellar, Vice President – State Regulation and Rates, Kentucky Utilities Company, c/o E.ON U.S. LLC, 220 West Main Street, Louisville, Kentucky, 502-627-4830.

A copy of the application and testimony shall be available for public inspection at the office of Kentucky Utilities Company, 100 Quality Street, Lexington, Kentucky, or the Public Service Commission, 211 Sower Boulevard, Frankfort, Kentucky.

A copy of this Notice and the proposed tariff, once filed, shall also be available for public inspection on Kentucky Utilities Company's website at [www.eon-us.com](http://www.eon-us.com).
