Executive Director
Public Service Commission
P.O. Box 615
Frankfort, Kentucky 40602-0615

Dear Mr. Derouen:

The Elkhorn Water District respectfully requests a deviation from the filing in our rate case for the billing analysis from the Public Service Commission. The billing analysis was incomplete for the test period due to a programming error for the computer/billing program. The error was discovered when the data was submitted for PSC review. Upon further review the error was discovered in the formulas by our Computer Programmer. The data files have been corrected by the computer programmer. Elkhorn Water District will request assistance from the PSC following a 12 month period to ensure that the proper rates are being applied to the customer base.

Thank you for your consideration. Please contact the office at 502-695-4431 for additional information.

Sincerely,

Garland Moore, Jr.
Chairman
