RE: Case No 2011-00096
South Kentucky RECC
Filing Deficiencies

The Commission Staff has reviewed South Kentucky RECC's response received July 6, 2011 in the above case. The filing remains deficient for the reasons set forth below:

Filing deficiencies pursuant to:

(1) 807 KAR 5:001, Section 10(3)(b) - The present and proposed rates for each customer class to which the proposed rates would apply. The customer notice, as set forth in the revised Exhibit D to the application, shows the Schedule A energy rate per kWh as \$0.08819. However, the proposed tariff shows that same rate as \$0.08820. Either the proposed tariff needs to be revised to match the customer notice, or a new customer notice must be issued to match the proposed tariff.

(2) 807 KAR 5:011, Section 6(2)(a) – Revised tariff sheets to contain a symbol in the margin indicating the change made. In the proposed tariff, as set forth in the Application, Exhibit B, the rates on schedules LP-1, LP-2, OL, and DSTL show the symbol "(l),"

which indicates that the rates are being increased; however, South Kentucky stated in its letter dated July 5, 2011, that it is not proposing to change the rates in schedules LP-1, LP-2, OL, and DSTL. These proposed tariff pages need to be re-filed to reflect the elimination of the symbols in the margins.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. You are requested to file an original and 10 copies of this information within 15 days of date of this letter.

In all future correspondence or filings connected with this case, please reference the above case number. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

A handwritten signature in cursive script that reads "Linda Faulkner".
