RE: Formal Application to Increase Rates Pursuant to
Purchased Water Adjustment Regulation 807 KAR 5:068

Dear Mr. Derouen

The North Shelby Water Company respectfully requests that the Commission allow for an adjustment to our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment clause.

The Company was recently notified by its supplier, Shelbyville Municipal Water & Sewer Commission, that a \$0.065 per 1000 gallon increase will take effect April 1, 2011. Another supplier, Frankfort Electric & Water Plant Board also notified the Company that it plans to implement a \$0.106 per 1000 gallon increase effective April 1, 2011. The combined result of these increases is \$19,017.80 in additional supply cost for the Company. This translates into \$0.05 per 1000 gallons of water sold to our customers. Therefore, we propose to increase our rates by that amount.

The following supporting documentation is enclosed for your review:

- Exhibit A – Purchase Water Rate Adjustment
- Exhibit B – Copy of Wholesale Tariffs
- Exhibit C – Statement of Water Purchased
- Exhibit D – Statement of Water Sold
- Exhibit E – Notice to Customers
- Exhibit F – Revised Tariff Sheet

The Notice to Customers will be published in accordance with Commission regulations and verification of its publication will be provided to the Commission.

Should you have any questions please contact David Bowles at (502) 839-1310, as he is handling this matter.

Sincerely,

Jerry Ruble, President

RE: Rate Increase

Dear Mr. Dees:

The Commission has recommended a Rate Increase (this increase will average approximately 3.85% across the board for water & sewer customers) to the Shelbyville City Council. The Council shall hold its first reading on Thursday, January 20, 2011.

The rate increase is planned for our April 1, 2011 billing, which includes water used between mid-February and mid-March, 2011. Normally the Water Districts meters are read on the 19th of each month. Your proposed rate increase is from \$1.70 to \$1.765/1,000 gal, or an increase of 3.82%.

Enclosed is a copy of the proposed rate ordinance to be submitted to the City Council, a copy of the PSC "Form for Filing Rate Schedules", and the formal "NOTICE" as the PSC requires.

This information has been mailed to the PSC.

Sincerely,

Thomas G, Doyle
Manager

NOTICE

The Shelbyville Municipal Water & Sewer Commission ("SMW&SC") has filed a revise/proposed rate schedule to the Shelbyville City Council for a rate increase that will increase the rates charged to Wholesale Water Purchasers as follows:

	CURRENT RATE	PROPOSED RATE	% INCREASE
	\$/1,000 gal	\$/1,000 gal	
North Shelby Water Company	\$1.70	\$1.765	3.82%
West Shelby Water District	\$1.83	\$1.900	3.82%
U.S. 60 Water District of Shelby and Franklin Counties, Kentucky	\$1.70	\$1.765	3.82%

The Shelbyville City Council will hold the First Reading of the proposed Rate Ordinance on Thursday, January 20, 2011.

The Proposed effective date for all rates listed above is with the April 1, 2011 billing, which is for water purchased for the period between mid-February and mid-March 2011, and thereafter, until the next rate change occurs.

The Rates contained in this NOTICE are the rates proposed by the "SMW&SC". However, the Public Service Commission may order rates to be charged that differ from the proposed rates contained in this NOTICE.

Any corporation, association or person with substantial interest in the matter may, by written request, within thirty (30) days after publication or mailing of this notice of the proposed rate changes, request to intervene. Intervention may be granted beyond the thirty (30) day period for good cause shown.

Any person who has been granted intervention by the Public Service Commission may obtain copies of the rate application and any other "SMW&SC" filings by contacting Thomas G. Doyle, Manager, at the utility's Office located at 1059 Washington St., Shelbyville, KY. 40065; telephone 502-633-2840.

Any person may examine the rate application and other "SMW&SC" filings by visiting the utility's office located at 1059 Washington St. Shelbyville, KY. 40065; telephone 502-633-2840, or by contacting the Public Service Commission at 211 Sower Boulevard in Frankfort, KY. 40602, or by telephone 502-564-3940.

BY AUTHORITY OF ORDER OF THE PUBLIC SERVICE COMMISSION
IN CASE NO. _____ DATED _____

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PROPOSED ADJUSTMENT OF THE WHOLESALE)
WATER SERVICE RATES OF FRANKFORT) CASE NO. 2010-00485
ELECTRIC AND WATER PLANT BOARD)

ORDER

On November 18, 2010, Frankfort Electric and Water Plant Board ("Plant Board") proposed to adjust its existing rates for wholesale water service to public utilities effective on and after December 19, 2010. On December 17, 2010, the Commission suspended the Plant Board's proposed rate, set up this case to investigate the reasonableness of the proposed rate, and granted intervention to Elkhorn Water District ("Elkhorn"), North Shelby Water Company ("North Shelby"), Peaks Mill Water District ("Peaks Mill"), and U.S. 60 Water District ("U.S. 60 District"). The Order of December 17, 2010 also included a procedural schedule and data request from the Commission. The Plant Board responded to that data request on January 7, 2011.

On January 28, 2011, Commission Staff issued a second data request to the Plant Board. Elkhorn and Peaks Mill issued a joint request for information on the same day. On February 10, 2011, the Plant Board filed a motion to suspend the procedural schedule because the parties had reached a settlement in the matter. The Plant Board indicated that all parties agreed to the suspension. On February 15, 2011, Commission Staff held an informal teleconference, in which the parties informed Staff of the proposed settlement and discussed the procedure for filing the settlement. On February

18, 2011, the parties filed a Joint Settlement Stipulation and Recommendation, a copy of which is attached as an Appendix to this Order.

Having considered the Joint Settlement Stipulation and Recommendation, the Commission finds that the agreed rate and other settlement provisions should be approved. The purpose of the Commission's jurisdiction over a municipal utility's wholesale transactions with a public utility is to ensure "that any public utility consumer/customer that has contracted and become dependent for its supply of water from a city utility is not subject to either excessive rates or inadequate service." Simpson County Water District v. City of Franklin, 872 S.W.2d 460, 465 (1994).

In the case at bar, this purpose has been served. The intervenors that purchase water from the Plant Board made clear their objections to the proposed rate adjustment. The Plant Board has apparently addressed the intervenors concerns, and the parties have reached agreement on the appropriate rates for service for future years.

As the Settlement Agreement, on its face, appears neither unreasonable nor unconscionable, the Commission sees no need to conduct further proceedings in this matter.

IT IS THEREFORE ORDERED that:

1. The Plant Board's motion to suspend the procedural schedule is granted.
2. The Joint Settlement Stipulation and Recommendation is approved.
3. The rates for wholesale water service set forth in the Settlement Agreement are approved for service rendered on and after April 1, 2011.

4. The Plant Board shall, within 20 days of the date of this Order, file tariff sheets that reflect the rates approved herein.

By the Commission

PUBLIC SERVICE
COMMISSION

In the Matter of:

PROPOSED ADJUSTMENT OF THE WHOLESALE)
WATER SERVICE RATES OF THE FRANKFORT) CASE NO. 2010-00485
ELECTRIC AND WATER PLANT BOARD)

JOINT SETTLEMENT STIPULATION AND RECOMMENDATION

It is the intent and purpose of the parties to this proceeding, namely the applicant, Frankfort Electric and Water Plant Board (“Frankfort Plant Board” or “FPB”); and the Intervenor, Elkhorn Water District, Peaks Mill Water District, North Shelby Water Company and U.S. 60 Water District of Shelby and Franklin Counties, Kentucky (“Intervenor”) to express their agreement on a mutually satisfactory resolution of all of the issues in the instant proceeding which shall hereafter be referred to as the “Stipulation” and/or “Recommendation”.

It is understood by all parties hereto that this Recommendation is not binding upon the Public Service Commission (“Commission”), nor does it represent agreement on any specific theory supporting the appropriateness of any recommended adjustments to FPB’s rates. The parties have expended considerable efforts to reach the stipulation and agreements that form the basis of this Recommendation. The parties, representing diverse interests and divergent viewpoints, agree that this Recommendation, viewed in its entirety, constitutes a reasonable resolution of all issues in this proceeding.

The adoption of this Recommendation will eliminate the need for the Commission and the parties to expend significant resources in litigation of this proceeding, and eliminate the possibility of, and any need for, rehearing or appeals of the Commission’s final order. Therefore, the parties stipulate and recommend the following:

1. FPB should be permitted to adjust its rates to recover more in annual revenue than it is recovering under its current rates, with such rates to be effective for service rendered on and after April 1, 2011. The parties agree to phase in rate increases of six (6) percent per year for the next three (3) years beginning with the current rate of \$1.704 per 1,000 gallons. Under this structure, the rates are as follows:

Year 1 (April 1, 2011 – March 31, 2012) - \$1.81 per 1,000 gallons

Year 2 (April 1, 2012 – March 31, 2013) - \$1.91 per 1,000 gallons

Year 3 (April 1, 2013 – March 31, 2014) - \$2.01 per 1,000 gallons

FPB will not increase the rates charged to the wholesale non-water producers (i.e. water districts) until after March 31, 2014. After March 31, 2014, FPB will continue to charge \$2.01 per 1,000 gallons until it files a revised tariff that is approved by the Commission.

2. FPB and North Shelby Water Company and U.S. 60 Water District of Shelby and Franklin Counties, Kentucky will extend their current wholesale contracts with a term sufficient to qualify for Rural Development financing. FPB will negotiate mutually agreeable extensions or new contracts with Peaks Mill and Elkhorn Water Districts.

3. Each party waives all cross-examination of the witnesses of the other parties unless the Commission disapproves this Recommendation, and each party further stipulates and recommends that the testimony, pleadings and responses to data requests filed in this proceeding be admitted into the record.

4. This Recommendation is submitted for purposes of this case only and is not deemed binding upon the parties in any other proceeding, nor is it to be offered or relied upon in any other proceeding involving FPB or any other utility.

5. If the Commission issues an order adopting this Recommendation in its entirety, each of the parties agrees that it shall file neither an application for rehearing with the Commission, nor an appeal to the Franklin County Circuit Court with respect to that order.

6. If this Recommendation is not adopted in its entirety, each party reserves the right to withdraw from it and require that hearings go forward upon any or all matters involved, and that in such event the terms of this Recommendation shall not be deemed binding upon the parties, nor shall such Recommendation be admitted into evidence, or referred to, or relied upon in any manner by any party, the Commission, or its Staff in any such hearing.

7. The parties agree that the foregoing Recommendation is reasonable and in the best interests of all concerned, and urge the Commission to adopt the Recommendation in its entirety.

AGREED: This the 18th day of February, 2011.
