Re: Louisville Gas and Electric Company and Kentucky Utilities Company  
Petition for Confidential Treatment received 11/03/11  
PSC Reference – Case No. 2011-00140

Dear Ms. Sturgeon:

The Public Service Commission has received the Petition for Confidential Treatment you filed on November 3, 2011 on behalf of Louisville Gas and Electric Company and Kentucky Utilities Company (the "Companies") to protect certain information filed with the Commission as confidential pursuant to Section 7 of 807 KAR 5:001 and KRS 61.870. The information you seek to have treated as confidential is identified as being contained in the Companies Corrected Supplemental Response to Environmental Group's 2<sup>nd</sup> Data Request No. 25(e). The information is described as containing projected fuel prices, including fuel contracted decisions and environmental-compliance decisions. It should also be noted that your Petition in paragraph 6, refers to Response to D.R. 18(c) being contained on a CD; however, this appears to be in error as D.R. 18(c) was not requested in this Petition, but actually in a previous Petition. Therefore, the Commission is not responding to the reference of 18(c) as to confidentiality in this request.

Your justification for having the Commission handle this material as confidential is that the public disclosure of the information could result in an unfair commercial advantage to the Companies competitors.

Based on a review of the information and pursuant to KRS 61.878 and 807 KAR 5:001, Section 7, the Commission has determined that the information requested to be held confidential is of a proprietary nature, which if publicly disclosed would permit an unfair commercial advantage to LG&E's and KU's competitors. Therefore, the information

requested to be treated as confidential **meets the criteria for confidential protection** and will be maintained as a nonpublic part of the Commission's file in this case. The procedure for usage of confidential materials during formal proceedings may be found at Section 7(8) of 807 KAR 5:001.

If the information becomes publicly available or no longer warrants confidential treatment, Louisville Gas and Electric Company and Kentucky Utilities Company are required by Section 8(9)(a) of 807 KAR 5:001 to inform the Commission so that the information may be placed in the public record.

Sincerely,

Jeff Derouen  
Executive Director
