My customers have all either switched to alternate carriers or have cancelled services; we have not added new customers in over a year. We have no active customers with AT&T under either agreement with AT&T Kentucky. It is with much pain I write this letter. I am in the process of filing Chapter 7 Bankruptcy. I wanted to personally let you know prior to the courts. My intention was to never allow myself or my business to fail. AT&T has been more than patient with my company, with this economy and the type of customer base I had, the low income customer and the resulting bad debt, from such. My attorney has informed me that this is the only way. This is not what I want, to walk away and lose everything I worked for my entire adult life. Trying to build a CLEC was the biggest mistake of my life. I have lost my home, maxed out multiple credit cards and now with nothing and like so many no jobs to be found. I do apologize to AT&T and the many others that I owe that I simply can't afford to pay.

Again with Sincere Apologies,
