

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF KENTUCKY UTILITIES)	
COMPANY FOR CERTIFICATES OF PUBLIC)	CASE NO.
CONVENIENCE AND NECESSITY AND)	2011-00161
APPROVAL OF ITS 2011 COMPLIANCE PLAN)	
FOR RECOVERY BY ENVIRONMENTAL)	
SURCHARGE)	

O R D E R

On September 1, 2011, Kentucky Utilities Company (“KU”) filed a motion seeking a deviation from the Commission’s June 28, 2011 Order, which required KU to provide an original and 15 copies of all data responses and attachments. KU states that the documents contained in certain of its responses to the Supplemental Information Request (“Supplemental Request”) propounded by Commission Staff are voluminous. Therefore, KU requests that it be allowed to file with the Commission in electronic format only the original and 15 copies of the attachments to its responses to Supplemental Request Nos. 2(d) and 6; and to file in paper format the original and, in electronic format, the 15 copies of the attachments to its responses to Supplemental Request No. 14(c).

Specifically, KU asserts that the documents contained in its responses to Commission Staff’s Supplemental Request No. 2(d) total over 1,100 pages. If required to provide the Commission an original and 15 copies of these responses, KU points out that it would have to provide over 16,000 pages. This number will increase significantly when the service copies to the parties of record are considered.

In addition, KU asserts that Supplemental Request No. 6 asks for calculations to support two of KU's prior responses to the Commission Staff's data requests. KU notes that the best means to provide the requested information is in an Excel spreadsheet, with the requested calculations unprotected and apparent as formulae underlying the spreadsheet cells' contents.

Lastly, KU asserts that the documents contained in its responses to Commission Staff's Supplemental Request No. 14(c) consist of over 130 pages. If required to provide the Commission an original and 15 copies of these responses, KU points out that it would have to provide over 2,080 pages. This number will increase significantly when the service copies to the parties of record are considered.

Having reviewed the motion and being otherwise sufficiently advised, the Commission finds that KU has established good cause to deviate from the provision in the June 28, 2011 Order that requires the filing of 15 paper copies with the Commission and service of a paper copy on all parties to this case. The Commission finds that KU should be allowed to file its responses to Supplemental Request No. 6 in electronic format given that the best means to accurately respond to the request is by electronic format. The Commission further finds that the responses to Supplemental Request Nos. 2(d) and 14(c) are sufficiently voluminous to allow KU to substitute electronic copies for the paper copies to be filed with the Commission and served on the parties. However, as stated in its motion, KU shall file the original responses to Supplemental Request No. 14(c) in paper format and KU is required to file the original responses to Supplement Request No. 2(d) in paper format as well.

IT IS THEREFORE ORDERED that:

1. KU's motion to deviate from the filing requirements of the June 28, 2011 Order is granted to the extent that KU may file in electronic format the 15 copies of its responses to the Commission Staff's Supplemental Request Nos. 2(d), 6, and 14(c), and KU may serve electronic copies on the parties.

2. KU shall file in paper format, within seven days of the date of this Order, the original responses to Commission Staff's Supplemental Request Nos. 2(d) and 14(c).

By the Commission

ATTEST:

A handwritten signature in black ink, appearing to be "M. J. [unclear]", written over a horizontal line.
