Re: PWA Correction Case # 2011/00200

June, 9, 2011

To Whom It May Concern,

Per phone conversation concerning the District's "Purchased Water Adjustment", this is the correction for page 2 of the "Proposed effective date". Previously the effective date was May 1, 2011 and it should have stated July 15, 2011.

Enclosed is the corrected form for the effective date. I am sorry for the error on the previous copy. If you have any more questions please call me at the above number.

Sincerely,

NICKI BASTIN
CLERK

Supplier(s)	Gallons Purchased during 12 month period
City of Eubank	22,373,800
City of Stanford (no rate increase)	110,841,000
TOTAL PURCHASES	133,214,800
4. Total sales for the 12 month period	
	92,276,800
5. Increased water cost	
	\$11,157 (see Exhibit D)
The increased water cost is the cost difference between purchases at base (current rate) and purchases at new rate.	
6. Purchased water adjustment factor	
	\$.12/1000
The purchased water adjustment factor is obtained by dividing the increased cost of water by the total gallons sold.	
<p>Note: The purchased water adjustment factor is added to each thousand gallons sold. If the minimum usage is 2,000 gallons then the purchased water adjustment factor would be added to the minimum bill twice. Revised tariff sheets must be attached showing the rate to be charged by the utility and the effective date of the increased rates.</p>	
7. Proposed effective date	
	July 15, 2011
 Signature of Utility Officer	
Chairman Title
