PETITION FOR CONFIDENTIAL  
TREATMENT OF INFORMATION

Comes now the petitioner, East Kentucky Power Cooperative, Inc. (“EKPC”) and, as grounds for this Petition for Confidential Treatment of Information (the “Petition”), states as follows:

1. This Petition is filed in conjunction with the filing of certain information in Exhibit 2 of EKPC’s Application for Approval of an Unsecured Revolving Credit Agreement for a Term Up to Five Years and in an Amount up to \$500,000,000, and relates to confidential information contained in that exhibit that is entitled to protection pursuant to 807 KAR 5:001 Section 7 and KRS §61.878(1)(c)1, §61.878(1)(c)2a, and §61.878(1)(c)2c.

2. The information designated as confidential in the subject Application describes anticipated interest rates and proprietary loan terms and conditions on the proposed credit facility. The open disclosure of such anticipated interest rates and loan terms could arm lenders with information that could allow such lenders an unfair commercial advantage over EKPC and its member systems resulting in higher interest rates and other more restrictive and detrimental conditions than would otherwise be the case if the information was not publicly disclosed. As such, this information is confidential and not subject to public disclosure pursuant to KRS

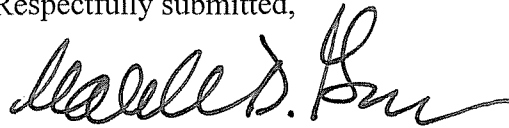

§61.878(1)(c)1. In addition, these proprietary loan terms and conditions are also protected under KRS §61.878(1)(c)2a, as it is a required disclosure to an agency in conjunction with an application for a loan.

3. The subject information is also entitled to protection pursuant to KRS §61.878(1)(c)2c, as records generally recognized as confidential or proprietary which are confidentially disclosed to an agency in conjunction with the regulation of a commercial enterprise.

4. Along with this Petition, EKPC has enclosed one copy of Exhibit 2, with the confidential information identified by highlighting or other designation, and 10 copies of the same exhibit, with the confidential information redacted. The identified confidential information is not known outside of EKPC and is distributed within EKPC only to persons with a need to use it for business purposes. It is entitled to confidential treatment pursuant to 807 KAR 5:001 Section 7 and the various sections of KRS §61.878 delineated above.

WHEREFORE, for all the foregoing reasons, taken individually and collectively, EKPC respectfully requests the Public Service Commission to grant confidential treatment to the identified information and deny public disclosure of said information.

Respectfully submitted,

**EAST KENTUCKY POWER COOPERATIVE, INC.**

**DESCRIPTION OF PROPERTY**  
**AS OF APRIL 30, 2011**

**807 KAR 5:001, Section 11(1)(a)**

East Kentucky Power Cooperative, Inc. ("EKPC"), with headquarters in Winchester, Kentucky, is a generation and transmission cooperative providing wholesale electric power service to 16 member cooperatives which serve over 520,000 members. EKPC owns over 2,797 miles of transmission lines and 351 load centers (substations).

EKPC also owns and operates three coal-fired generating stations in Kentucky with a total net capacity of approximately 1,882 megawatts located at Ford (Dale Station), Burnside (Cooper Station), and Maysville (Spurlock Station). Nine combustion turbines located in Clark County at its Smith site are in operation adding a total nominal winter capacity of 1,032 megawatts. In addition, EKPC owns and operates six Landfill Gas-Fired plants (located in Greenup County, Laurel County, Boone County, Hardin County, Pendleton County, and Mason County), adding over 15 megawatts of capacity.

Including the generation facilities, transmission facilities, and general plant, EKPC has total utility plant-in-service with a net original cost of \$3,283,962,884 and construction work-in-progress of \$233,104,010.

**EAST KENTUCKY POWER COOPERATIVE, INC.****DESCRIPTION OF A FIVE-YEAR UNSECURED REVOLVING CREDIT AGREEMENT IN AN AMOUNT UP TO \$500,000,000****807 KAR 5:001, Section 11(1)(b)**

In July 2010 (Case No. 2010-00166), the Commission approved East Kentucky Power Cooperative, Inc. ("EKPC") to enter into a three-year Unsecured Revolving and Term Credit Facility in an amount up to \$500,000,000. EKPC now intends to terminate the existing Credit Facility and seeks approval to enter into a new Unsecured Revolving Credit Agreement for up to five years, and in an amount not to exceed \$500,000,000 to be used to terminate and refund its existing three year Credit Facility, for capital expenditures associated with the construction, operation and maintenance of utility plant, and for general corporate purposes until permanent, long-term financing from the Rural Utilities Service ("RUS") can be obtained. EKPC entered into the existing Credit Facility shortly after the public release of Liberty Consulting Group's management audit report. At that same time, the credit markets continued to be tight, and financial institutions were still feeling the impacts of government bailouts. Financial institutions were not eager to lend, especially for longer terms, and were restricted to term lengths of three years. The management audit report release, coupled with troubles in the financial markets, caused the pricing on the July 2010 Credit Facility to be much higher than the pricing on EKPC's original 2005 Credit Facility.

EKPC has now accepted and responded to all management audit recommendations. EKPC's financial results for 2010 and first quarter of 2011 reflect improvements. Additionally, financial institutions' earnings have increased and credit markets, in general, are much more open. As a result, financial institutions are eager to lend to EKPC at more favorable terms.

EKPC will repay and reborrow funds from the Facility based on the timing of its funding needs and long-term funds received from RUS and other lenders. EKPC has received approval of long-term loan applications from RUS. EKPC also plans to arrange long-term financing with various financial institutions and insurance companies to fund capital expenditures not fundable by RUS. Because of the delay regarding the timing of loan advances for the multiple projects being funded by RUS, this Credit Facility is essential to maintaining EKPC's liquidity. In order to provide unsecured creditors additional assurance, there will be a provision limiting EKPC's ability to incur additional unsecured indebtedness.

The remaining syndicate of lenders are:

██████████ (together, or the “Lenders”), which have committed to provide EKPC a \$450,000,000 Senior Unsecured Revolving Credit Facility. The amount of the Facility may be increased by up to \$50,000,000 on or prior to the Closing. EKPC will consider upsizing the Facility by the \$50,000,000 from any oversubscription from the syndication. Any oversubscription of the Facility (after upsizing) will be used to reduce the Lead Arranger’s and Lenders’ commitments pro rata. CFC will be the Administrative Agent for the Facility. EKPC is expecting a financial closing date in July 2011.

### Key Terms and Conditions

- Administrative Agent Fee: EKPC will pay ██████████ per annum, payable annually in advance to CFC on the date of the execution of a definitive credit agreement and closing of the loan and on each annual anniversary date thereof through the Maturity Date. This fee is nonrefundable and shall not be pro-rated in the event the Facility is prepaid.
- Facility Fee: EKPC will pay a fee (the “Facility Fee”), at the rate of ██████ basis points (“bps”) per annum on each Lender’s pro-rata share of the Facility, regardless of usage. The Facility Fee is payable quarterly in arrears, on the commitment amount then in effect, commencing upon Closing.
- Upfront Fee: EKPC will pay a one-time fee equal to (i) ██████ basis points for the initial Lender commitments in individual amounts greater than or equal to ██████████, (ii) ██████ basis points for initial Lender Commitments in individual amounts less than ██████████ but greater than or equal to ██████████ and (iii) ██████ basis points for initial Lender commitments in individual amounts less than ██████████ of each Lenders’ final allocated commitment amount, payable to the Lenders upon closing of the Facility.
- Interest Rates: At EKPC’s option, any loan under the Facility prior to Maturity will bear interest at a rate equal to an incremental borrowing margin of (i) the Adjusted London Interbank Offered Rate (“LIBOR”) plus ██████ basis points (the “LIBOR Margin”), or (ii) the Alternate Base Rate as of the date of determination, defined as the highest of ( a) the Prime Rate for such day, (b) the sum of ██████ and the Federal Funds Rate for such day or (c) the Adjusted LIBOR for a one month Interest Period on such day plus ██████ (“ABR”), plus ██████ basis points (the “ABR Applicable Margin”).

EKPC may select interest periods of 1, 2, 3 or 6 months for LIBOR loans, subject to availability. Interest shall be payable at the end of the selected interest period, but no less frequently than quarterly.

A default rate shall apply on all loans upon an event of default under the Facility at a rate per annum of ██████ above the applicable interest rate.

Pricing Grid: In the event that EKPC obtains credit ratings, the Facility Fee, LIBOR Margin and ABR Margin will be determined in the pricing grid below. Any loan under the Facility prior to the Maturity will bear interest at a rate equal to an incremental borrowing margin of (i) the Adjusted LIBOR plus the LIBOR Margin as determined in the table below (based on the Borrower’s senior unsecured debt ratings), or (ii) the Alternate Base Rate (“ABR”) as of the date of determination plus the ABR Margin as determined in the table below (based on the Borrower’s senior unsecured debt ratings). ABR is defined as the highest of (a) the Prime Rate for such day, (b) the sum of [REDACTED] and the Federal Funds Rate for such day or (c) the Adjusted LIBOR for a one month Interest Period on such day plus [REDACTED].

Level	S&P	Moody's	Fitch	ABR Margin (bps)	LIBOR Margin (bps)	Facility Fee (bps)
1	≥A+	≥A1	≥A+	[REDACTED]	[REDACTED]	[REDACTED]
2	A	A2	A	[REDACTED]	[REDACTED]	[REDACTED]
3	A-	A3	A-	[REDACTED]	[REDACTED]	[REDACTED]
4	BBB+	Baa1	BBB+	[REDACTED]	[REDACTED]	[REDACTED]
5	BBB	Baa2	BBB	[REDACTED]	[REDACTED]	[REDACTED]
6	<BBB	<Baa2	<BBB	[REDACTED]	[REDACTED]	[REDACTED]

If EKPC has split credit ratings, the Facility Fee, LIBOR Margin and ABR Margin shall be determined by reference to: (a) if two of the credit ratings fall within the same category, that rating shall apply, (b) the midpoint rating between the highest and the lowest ratings if all three ratings fall within different categories, and (c) if the Borrower is rated by only two major rating agencies, the lower of the two ratings shall apply.

- Expenses: EKPC agrees to pay all reasonable out-of-pocket expenses associated with the Facility regardless of closing and all reasonable expenses associated with any enforcement of the Lead Arranger or Lenders’ rights and remedies in respect of the Facility.
- Maturity Date: The Facility shall terminate and all amounts outstanding thereunder shall be due and payable in full 5 years from Closing (“Maturity Date”). All Amounts under the Facility will be due and payable in full at the end of the five-year period but may be voluntarily prepaid in advance, in whole or in part, without penalty, subject to reimbursement of the Lenders’ breakage and redeployment costs in the case of prepayment of loans accruing interest at LIBOR.
- Prepayment Options: The Borrower may prepay the Facility in whole or in part at any time without penalty, subject to reimbursement of the Lenders’ breakage and redeployment costs in the case of prepayment of LIBOR borrowings.

- Conditions Precedent to Closing:

(i) The negotiation, execution and delivery of definitive documentation (including, without limitation, satisfactory legal opinions, corporate formation and authority documents and other customary closing documents) for the Facility satisfactory to the Lead Arranger and the Lenders.

(ii) There shall not have occurred a material adverse change since December 31, 2010 in the business, assets, liabilities (actual or contingent), operations, condition (financial or otherwise) of EKPC and its subsidiaries taken as a whole or in the facts and information regarding such entities as represented to date.

(iii) Receipt and satisfactory review by the Lead Arranger and the Lenders of such financial information regarding the Borrower and its subsidiaries as they may reasonably request.

(iv) Payment of all fees and expenses required to be paid on or before the Closing.

(v) The absence of material litigation, subject to certain exceptions previously disclosed to the Lenders.

(vi) EKPC shall be in compliance with all existing material financial obligations.

(vii) EKPC shall make certain representations and warranties regarding itself, its members and the wholesale power contracts as agreed to between the Borrower and the Lead Arranger.

(viii) All governmental and regulatory approvals necessary, including, but not limited to the Kentucky Public Service Commission approval, for the transaction shall have been obtained.

(ix) No Event of Default, or event which with giving of notice or lapse of time or both would be an Event of Default (a "Default"), has occurred and is continuing.

(x) Favorable legal opinion from counsel for the Borrower, satisfactory to the Lead Arranger and the Lenders.

(xi) Favorable legal opinion from counsel for the Lead Arranger and the Lenders.

(xii) EKPC shall certify that on and as of the Closing, to the best of its knowledge, there is no condition or circumstance that would impair the ability of the parties to EKPC's wholesale power contracts to perform thereunder.

- Financial Covenants:

1. Debt Service Coverage Ratio ("DSCR") – EKPC will maintain a minimum DSCR ratio of [REDACTED] measured as of the last day of any fiscal year;
2. Times Interest Earned Ratio ("TIER") – EKPC will maintain a minimum interest coverage ratio of [REDACTED] measured as of the last day of any fiscal year;
3. EKPC will maintain a minimum Equity to Assets ratio of [REDACTED] as of the last day of any calendar quarter.
4. EKPC will maintain a minimum total members' equities of [REDACTED] as of the last day of any calendar quarter.

As of June 30, 2011, EKPC has approximately \$3,900,000 in deferred financing fees outstanding from its 2010 Credit Facility. EKPC proposes to write off this outstanding balance and charge this amount to expense in 2011; EKPC has discussed this accounting treatment with its external auditor.

**USE OF PROCEEDS AND DESCRIPTION OF FACILITIES FUNDED**

**807 KAR 5:001, Sections 11(1)(c), 11(1)(d), 11(1)(e), and 11(2)(c)**

In July 2010 (Case No. 2010-00166), the Commission approved East Kentucky Power Cooperative, Inc. (“EKPC”) to enter into a three-year Unsecured Credit Facility in an amount up to \$500,000,000. EKPC now intends to terminate the existing Credit Facility and seeks approval to enter into a new Unsecured Revolving Credit Agreement for up to five years, and in an amount not to exceed \$500,000,000 to be used to terminate and refund its existing three year Credit Facility, for capital expenditures associated with the construction, operation and maintenance of utility plant and for and for general corporate purposes until permanent, long-term financing from the Rural Utilities Service (“RUS”) or other sources can be obtained. The existing credit facility currently has \$380 million drawn down.

As more fully discussed in Exhibit 2, due to improvements in both EKPC’s financial condition and the bank loan market, EKPC is now able to negotiate a more favorable pricing for a Credit Facility. The new Credit Facility will take advantage of these improvements, resulting in expected annual interest savings of over \$4 million.

Construction costs relating to the Cooper Station AQCS are included in RUS account number 10720, Construction Work in Progress. Upon completion of this project, EKPC will receive a listing of retirement units; EKPC will determine at that time the appropriate charges to electric plant in service accounts. Please note that this credit facility will also be used for general corporate purposes; such use could impact numerous RUS account numbers.
