**RE: An Examination by the Public Service Commission of the Environmental
Surcharge Mechanism of Louisville Gas and Electric Company for the Two-Year
Billing Period Ending April 30, 2011**
Case No. 2011-00232

Dear Mr. DeRouen:

Enclosed please find, for filing, the original and ten copies of Louisville Gas and Electric Company's Motion to Correct Order in the above-reference matter. Please confirm your receipt of this filing by placing the stamp of your Office with the date received on the enclosed additional copies and return them to me via our office courier.

Should you have any questions regarding this filing, please contact me.

Yours very truly,

Kendrick R. Riggs

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN EXAMINATION BY THE PUBLIC SERVICE)
COMMISSION OF THE ENVIRONMENTAL)
SURCHARGE MECHANISM OF LOUISVILLE) CASE NO. 2011-00232
GAS AND ELECTRIC COMPANY FOR THE)
TWO-YEAR BILLING PERIOD ENDING)
APRIL 30, 2011)

LOUISVILLE GAS AND ELECTRIC COMPANY'S
MOTION TO CORRECT ORDER

Louisville Gas and Electric Company (“LG&E”), by counsel, hereby respectfully moves the Public Service Commission (“Commission”) to issue an Order *nunc pro tunc* correcting its January 31, 2012 Order (“Final Order”) in this proceeding. The Final Order approved, among other items, the proposed allocation methodology previously approved on December 15, 2011 by the Commission of the Settlement Agreement in Case No. 2011-00162. Every incorporation or “roll-in” of Environmental Cost Recovery (“ECR”) revenues requires the consistent allocation of both the incremental ECR amount to be rolled-into base rates and the existing amount of ECR revenues embedded in base rates. LG&E, consistent with the terms of the Commission-approved Settlement Agreement in Case No. 2011-00162, proposed to allocate both the incremental ECR amount to be rolled-into base rates and the existing amount of ECR revenues embedded in base rates. Exhibit 1 to LG&E’s January 5, 2012 Supplemental Information Filing in this proceeding contained detailed information concerning the roll-in amounts. The following table summarizes this information:

	Incremental ECR Roll-In Amount	ECR Amount Embedded in Base Rates	Total ECR Amount to be allocated under Settlement Methodology
LG&E	\$2,330,762	\$7,519,891	\$9,850,653

Page 4 of the Final Order, under the heading Allocation of Roll-In, contains a sentence that describes the total amount to be allocated, but inadvertently uses only the incremental amount:

The \$2,330,762 total roll-in was allocated between the two groups based on the percentage of each group's total revenue, excluding base environmental surcharge revenue, to LG&E's total revenue, excluding base environmental surcharge revenue.

The total roll-in amount for LG&E is \$9,850,653. The same typographical error subsequently appears in the Final Order at page 5 in the same section (Allocation of Roll-In) wherein the incremental amount is inadvertently used to describe the total amount.

Finally, ordering paragraph number 3, at page 7 of the Final Order, inadvertently omits the word "total" from the second sentence when describing the total amount of the roll-in to be allocated in accordance with the Settlement Agreement:

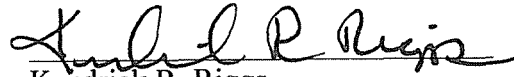

3. LG&E shall roll into its existing base rates \$2,330,762 in environmental surcharge amounts found to be just and reasonable herein. The roll-in shall be allocated to the customer classes as described in the Settlement Agreement approved in Case No. 2011-00162.

The typographical omission should be corrected by inserting the word "total" between the words "[t]he" and "roll-in" to read: "The *total* roll-in shall be allocated to the customer classes as described in the Settlement Agreement approved in Case No. 2011-00162."

WHEREFORE, Louisville Gas and Electric Company respectfully requests the Commission to issue an order *nunc pro tunc* correcting these clerical errors at the Commission's earliest convenience.

Dated: February 3, 2012

Respectfully submitted,

Kendrick R. Riggs
