BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE FUEL ADJUSTMENT CLAUSE OF )  
KENTUCKY POWER COMPANY FROM ) CASE NO. 2011-00245  
NOVEMBER 1, 2010 THROUGH APRIL 30, 2011 )

COMMISSION STAFF'S SUPPLEMENTAL INFORMATION  
REQUEST TO KENTUCKY POWER COMPANY

Pursuant to 807 KAR 5:001, Kentucky Power Company ("Kentucky Power") is to file with the Commission the original and six copies of the following information, with a copy to all parties of record. The information requested herein is due within seven days of the date of this request. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

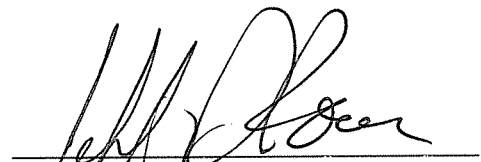

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Kentucky Power shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which

Kentucky Power fails or refuses to furnish all or part of the requested information, Kentucky Power shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention should be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Refer to Kentucky Power's response to Item 1.a. of Commission Staff's October 18, 2011 Hearing Data Request ("Hearing Data Request"), the fuel adjustment clause ("FAC") filing made on June 17, 2011, and the FAC backup filing made on June 14, 2011. The response to Item 1.a. of the Hearing Data Request states that substitute energy "is the fuel expense and one-half of the maintenance expense (variable costs) of the energy surplus companies in the AEP East Pool." Confirm that the costs recovered through the FAC for purchases of power from the AEP East Pool include only fuel. For example, page 5 of 5 of the FAC filed on June 17, 2011 is the Final Fuel Cost Schedule for April 2011 and shows power purchases of \$3,304,339. Page 2 of 4 of the FAC backup information filed on June 14, 2011 shows this number to consist of \$2,133,037 of AEP Pool power purchases in the Fuel Charge column and \$1,171,302 of other purchases in the Total Charges column. Confirm that the \$2,133,037 AEP Pool purchases include only fuel costs. If this cannot be confirmed, explain.
