Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request.

1. Refer to paragraph 5 of LG&E's application. Provide a thorough description of the recent "[s]ignificant changes in the credit markets" that make it advantageous for LG&E to now extend its current credit facilities beyond the current December 31, 2014 expiration date.

2. Refer to paragraph 7 of LG&E's application.

a. Explain in detail why LG&E anticipates paying a lower upfront fee if it amends and extends the current credit facilities as it proposes rather than waiting until the end of the term of the current credit facilities to replace the line of credit.

b. Provide the current credit spread LG&E would pay if it borrowed under the line of credit, LG&E's expected reduction in the credit spread under the proposed amendment, and an explanation of how the amount of the expected reduction was determined.

3. Refer to Exhibit 1 to LG&E's application.

a. Provide a description and/or explanation of "Unfunded Fees."

b. Explain how the amount of Unfunded Fees is derived under both the "Current" and "Proposed" scenarios.

c. Explain why the Unfunded Fees will be 25 percent less under the "Proposed" scenario compared to the "Current" scenario.

d. Explain how the amounts of the Upfront/Arranger Fees of \$2,100,000 under the "Current" scenario and \$925,000 under the "Proposed" scenario were derived.
