In the Matter of:

ALTERNATIVE RATE ADJUSTMENT FILING)
OF COOLBROOK UTILITIES, LLC) CASE NO 2011-00433

**ANSWERS OF COOLBROOK UTILITIES, LLC
TO COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION**

As a member of Coolbrook Utilities, LLC, I am submitting the following responses to Commission Staff's First Information Request. I, Lawrence W Smither, am the witness to all the following data request responses.

- 1. In its application, Coolbrook states that its "President has begun tracking time spent on Coolbrook matters." On January 17, 2012, Coolbrook submitted a copy of Mr. Smither's daily activity log. State whether this filing represents the complete log. If not, provide the complete log.**

Response: That was the complete log that was furnished on January 17, 2012. I had only recently started keeping a log and not being in the habit of making the daily entries, unfortunately there are missed days in it. While there is no regulation requiring the maintenance of a daily activity log, I am working to be more efficient in maintaining a daily activity log, and I have enclosed the additional pages with entries since January 17, 2012. I will send additional pages from the activity log for the next several weeks on a weekly basis.

- 2. Describe how Coolbrook determined that Mr. Smither spent 300 hours during the test period on Coolbrook matters.**

Response: It is based on working on Coolbrook matters an average of 5 to 6 hours per week and that is a conservative estimate.

- 3a. List all business entities in which Mr. Smither has an interest.**

Response: 1) Coolbrook Utilities LLC
2) Brocklyn Utilities LLC
3) Fox Run Utilities LLC
4) Lake Columbia Utilities LLC
5) Airview Utilities LLC
6) Covered Bridge Utilities Inc.
7) Camden Environmental Sales Inc.
8) Camden Environmental Service Co., Inc.

b. For each entry listed in item 3a, describe the nature of Mr. Smither's interest in the entity and his duties.

Response: As 50% owner/manager of the above LLC's my duties and responsibilities are:

- The day to day operation and management of the wastewater treatment plants and collection systems.
- To insure proper maintenance, repairs and improvements to the plants and collection systems.
- See to it that the required reports are prepared and submitted to the Kentucky Division of Water, including the monthly discharge monitoring reports.
- It is my responsibility to make sure these Utilities are in compliance with the regulations of both the Public Service Commission and the Kentucky Division of Water.
- As owner/manager I am subject to substantial potential liability arising out of the operation of the WWTP, including potential liability in the event plants have an upset and fail to comply with its KPDES permit or one of its customers experiences a backup of wastewater into his/her home. The applicable statutes authorize a fine of up to \$25,000 per day for discharges in violation of the KPDES permit.
- Hiring and supervising the professionals retained by the LLC's, including accountants, consultants and attorneys.
- Hiring and supervising all contractors and subcontractors.
- Monitoring the billing and collection of the LLC's total revenue and payment of total expenses.
- Investigation and responding to customer inquiries.

Mr. Smither works 10 hours per day from 8 am to 6 pm on weekdays; normally works through lunch with a sandwich while working; and often works on weekends. Therefore, he works somewhere between 50 and 56 hours per week on the 8 business entities – a mathematical average of 6.25 to 7 hours per week for each entity. However, Mr. Smither spends relatively few hours per week on matters involving four of the entities, which are Camden Environmental Sales, Brocklyn Utilities, Fox Run Utilities, and Lake Columbia Utilities. For the remaining four entities, he spends above-average time on Covered Bridge Utilities, Camden Environmental Service Company, Coolbrook, and Airview Utilities. In summary, the prior estimate of 5-6 hours spent on Coolbrook matters is in fact conservative, and more than 6.25 hours per week of Mr. Smither's time is devoted to Coolbrook's management and operations.

I am President of Covered Bridge Utilities, Camden Environmental Sales and Camden Environmental Service. I am totally responsible for the day to day operation and management of these three companies. Of these three companies, Covered Bridge Utilities is the only one that has employees.

c. List all civic, charitable and non-business organization in which Mr. Smither serves as an officer.

Response: I am on the board of directors of the Veterans Memorial Park of Kentucky Inc., located in Crestwood, Oldham County Kentucky. As a director I am working with the other members of this board to establish a veterans memorial park in Oldham County to honor all veterans that have fought and died in all wars and campaigns.

4. State the total annual salary that Coolbrook paid to Mr. Smither for the calendar year ending December 31, 2011.

Response: Coolbrook Utilities has not paid Mr. Smither any salary at all. No management fees were paid to me until June of 2011. At that time I felt that due to the excessive amount of time that I was having to spend on Coolbrook business, which was keeping me from pursuing other means of income, that compensation was necessary and fair. So I started taking only \$200.00 per month in management fees. Based upon the financial condition of Coolbrook, I am to be paid the balance of the \$3,600 annual owner/manager fee.

5. Describe the duties of Coolbrook's vice president.

Response: Will be forwarded.

6. a. State the number of hours that Coolbrook's vice president worked on Coolbrook's behalf during the test period.

Response: Will be forwarded.

6. b. State whether Coolbrook's vice president maintained a written log or record of his activities on behalf of Coolbrook during the test period.

Response: will be forwarded.

7. a. State the numbers of employees that Coolbrook employs.

Response: Coolbrook does not have any employees.

b. For each Coolbrook employee, describe the nature of his or her duties.

Response: Same as 7a.

8. Provide a copy of each billing invoice for electric power that Blue Grass Energy issued to Coolbrook for the period November 1, 2009 through April 30, 2011.

Response: Billing invoices attached.

9. State whether Coolbrook determined the level of its proposed adjustment to Fuel & Power Expense by multiplying the test period amount by 1.046. If not, then state how Coolbrook determined the adjustment.

Response: Yes, Coolbrook approximated the known and measureable increase in electricity expense from Blue Grass Energy by taking the reported increase of 4.6% approved for East Kentucky Power Cooperative that would be passed on to EKPC's distribution cooperatives. Coolbrook recognizes that the Commission may refine this adjustment based upon the current rates in effect for Blue Grass Energy.

10. Provide a copy of the current contract with Thacker Environmental.

Answer: There are no any current contracts with Thacker Environmental. The operations agreement with Thacker was terminated on May 13, 2011. At that time Covered Bridge Utilities, Inc., began operating the treatment plant, and charging the same monthly fee that Thacker was charging, \$1600.00 per month.

11. List and describe all of Coolbrook's efforts since 1/1/2010 to obtain an alternative to its current use of Farmdale Water District for billing and collection.

Response: Coolbrook has not altered its opinion from the previous rate case that the Farmdale Water District is its only reasonable provider of billing and collection services. As noted in the application and in the record of the prior rate case, Coolbrook's owners also own the Airview sewer system and have experienced nightmarish collection problems when the local water utility refuses to provide billing and collection services.

Since its current owners bought Coolbrook just a few years ago, they have been heavily involved in trying to operate, maintain, and upgrade this aging sewage treatment facility with significant environmental issues. Both this rate case and the prior one filed in 2010 contain substantial evidence of the numerous costs associated with repairing Coolbrook's aging plant, and also of the substantial time spent with both the PSC and the Kentucky Division of Water to deal with regulatory and environmental compliance issues, such as the DOW sanctions which resulted in the agreed-upon Inflow and Infiltration study. Because these high-priority issues have required substantial

management time and attention – and knowing that no reasonable alternative collection agent exists - Coolbrook saw no benefit whatsoever to undertaking this exercise simply to defend its current arrangement with Farmdale Water District.

While Coolbrook has not altered its opinion that Farmdale its only reasonable provider of billing and collection services, Coolbrook has altered its rate request in this case to propose a reasonable compromise on this issue - to split 50/50 the increased billing and collection expense between ratepayers and shareholders based on what our known and measurable pro forma expense would be at a proposed rate of \$37. Coolbrook will not fully recover this known and measurable cost, which results from an arm's length transaction with an outside service provider. Unless the PSC changes its longstanding position on this issue and allows full recovery of this cost, Coolbrook will experience a known and measurable shortfall between its actual cost and the cost allowed to be recovered by the PSC. If the shortfall is high enough – for instance, if the PSC holds Coolbrook to the stipulated amount of \$17,605, the shortfall could be \$11,366 depending upon the outcome of this case – the disallowance causes a permanent and significant injury to Coolbrook's cash flow position, and guarantees that Coolbrook will never make a profit. It is therefore critical that the PSC recognize some billing and collection cost increase in Coolbrook's rates, even if the cost increase is not 100% reflected in rates.

12. List all alternative billing methods that Coolbrook has considered to reduce its billing and collection costs and explain why each method is not cost effective.

Response: As noted in the prior response, Coolbrook sees no benefit in conducting a regulatory exercise to consider other providers when its owners know - based on their experience with Airview and other sewer utilities, as well as past attempts to solicit bids from Blue Grass Energy and other vendors – that Farmdale is its only reasonable provider of billing and collection services.

13. State the cost of Coolbrook performing its own billing and collection services. Describe how Coolbrook determined this cost.

Response: Coolbrook has not determined the cost of performing its own billing and collection services, but could develop a cost estimate if the Commission were to require it. Any cost estimate would be highly speculative because the largest costs experienced if Coolbrook were to perform its own billing and collection services would be the uncollectibles from increased nonpayments, and the increased legal and other fees associated with greater collection efforts. Neither of these costs can be known with

certainty, although Coolbrook's owners could provide such costs for Airview if it is necessary to reach a reasonable compromise position in this case.

14a. Provide all written agreements between Coolbrook and Farmdale District for collection and billing services.

Response: The contract between Farmdale Water District and Coolbrook Utilities is attached.

14b. State whether Coolbrook has an agreement with Farmdale district for Farmdale district to terminate water service if the amount owed to Coolbrook is not paid.

Response: There is no agreement.

14c. If there is no agreement between Coolbrook and Farmdale District for termination of water service for nonpayment for sewer service, explain why Coolbrook is of the opinion that the cost of the billing and collection services that Farmdale District provides is reasonable.

Response: Coolbrook has either very low or nonexistent collection issues under its current arrangement with Farmdale Water. Coolbrook has no specific knowledge of Farmdale's collection procedures and practices, but believes that customers of a water utility are much more inclined to pay sewer charges when bundled with water charges. To reiterate, Coolbrook's owners are painfully aware of the collection problems experienced at Airview when the water and sewer charges are not combined.

15. Provide all correspondence between Coolbrook and Farmdale District in which Farmdale District's provision of billing services is discussed.

Response: Same as 14a.

16. Explain why Coolbrook's proposal to allocate 50 percent of increased fees for billing and collection related to the proposed rate adjustment is reasonable and would be consistent with the Commission's reasoning for disallowing expenses in excess of test-year expense in Case No. 98-284.

Response: Coolbrook's proposal to allocate 50 percent of increased fees for billing and collection related to the proposed rate adjustment is reasonable because the Commission's obligation is to balance the interests of utilities and ratepayers. Relative to Coolbrook, the Commission must approve a sewer rate which provides a positive cash flow, and a failure to do so would threaten Coolbrook's financial viability as well as its ability to provide safe, reliable and adequate sewer service. As noted in the application, Coolbrook will

experience a known and measurable shortfall between its actual cost and the cost allowed to be recovered by the PSC unless the PSC allows full recovery of this cost,. If the shortfall is high enough, a significant disallowance of this known and measurable cost increase causes a permanent and significant injury to Coolbrook's cash flow position, and guarantees that Coolbrook will never make a profit. It is therefore critical that the PSC recognize some billing and collection cost increase in Coolbrook's rates, even if the cost increase is not 100% reflected in rates.

17. List the names and addresses of all persons and entities whom Coolbrook has inquired of regarding the provision of billing and collection services since January 1, 2010.

Response: For all the reasons stated above, there are none.

18a. State the location of Coolbrook's office and identify the lessor who rents this space to Coolbrook.

Response: In Coolbrook's last rate case, it was operated from a Bardstown Road address in Louisville, Kentucky. Coolbrook no longer operates from that office, and it currently shares office space with other businesses owned by Coolbrook's President in Crestwood, Kentucky. Coolbrook now needs, and is in the process of looking for, a centrally located office for Coolbrook and the other sewer utilities owned by Coolbrook's President in the Louisville area.

18b. Provide a copy of all rental agreements with the lessor of the office space.

Response: There is no current rental agreement. As noted above, Coolbrook's current rental arrangement is temporary until it can find a centrally located office in Louisville.

18c. List all services included in the office rental.

Response: The current arrangement in Crestwood - and the permanent arrangement being planned, - provide Coolbrook with not only working office space, but also a landline telephone number, an Internet connection, a computer, a fax machine, a printer, a copy machine, and filing cabinets.

19. Provide a copy of Coolbrook's current insurance policy and the invoices for this policy.

Response: The policy and the invoices are attached.

20. Identify all vendors from which Coolbrook solicited bids and price quotes for insurance coverage and provide a copy of such bids or price quotes.

Response: Find attached the quote from Aaron Goad of Voit-Lee Insurance, Inc. This is the only company that we received a quote from to date. However, within the next week I should have at least one more quote and it will be from Steve Riggs of Nelson Insurance Company. There may even be a third available at the same time. When these are received I will forward them to the PSC.

It has been difficult to find Insurance Companies to quote on this coverage due to the specialized nature of the coverage.

21. Explain why, given Coolbrook's use of the alternative rate filing procedures and the experience and expertise of Coolbrook's officers, the use of a consultant to prepare Coolbrook's application is reasonable.

Response: Coolbrook disagrees with the question's assertion that its President has "expertise" with Kentucky Public Service Commission regulation. The President has significant expertise in operating and managing package sewage treatment plants, and in recent years has taken an ownership stake in a handful of such systems. He devotes his time to the ownership, operation and maintenance of these systems. Moreover, he has neither the time nor the background experience to devote to understanding the intricacies of KPSC ratemaking issues.

In addition, it is only recently that the Commission Staff has questioned the use of a consultant to prepare small sewer rate applications. Coolbrook's officers have always used a consultant to prepare rate applications, and the use of a consultant in this case allowed Coolbrook to file this case in a more timely manner than if its officers had been required to do so. As well, Coolbrook's consultant has an institutional memory of PSC rate case that Coolbrook's officers lack, and can provide strategic advice on certain issues with the intent of avoiding protracted litigation of these issues, thereby reducing overall rate case expenses in the final resolution of the case.

22. State whether the Division of Water ("DOW") has issued an Order to Coolbrook directing the performance of an inflow and infiltration study. If yes, provide a copy of this order. The term "Order" includes an agreed order between Coolbrook and the DOW.

Response: No agreed order has been entered into with the DOW, but a Post Conference Letter that was sent out by Greg Wilson of the DOW - Enforcement Branch. This letter was sent out after an administrative conference with the Enforcement Branch on June 9th, 2011. I was required to file responses to all items in the Post Conference Letter by specified dates. And it is my understanding that the Enforcement Branch may propose that Coolbrook enter into an agreed order in the future.

A copy of the Post Conference Letter is attached and I would like to bring to your attention item L. of this letter that states that Coolbrook shall submit to the DENF for DOW review and acceptance; an Inflow/Infiltration Rehabilitation Project to identify and correct I/I within Coolbrook's sewage collection system.

23. State the purpose of performing an infiltration/inflow study on Coolbrook's sewer lines.

Response: The infiltration/inflow study will identify any problems in the sewer mains and manholes in the Coolbrook sewer system requiring rehabilitation or repair in order to eliminate as much I/I (infiltration/inflow) as possible. A video survey is the most effective way to locate the problem areas and will actually let you see what the problem is and the degree of the problem. With this complete video survey, copies of the written report and the CD can be sent to contractors for their review and help in preparing quotes for the sewer repairs.

24. State whether Coolbrook agrees the performance of an Inflow and Infiltration study benefits future ratepayers as well as ratepayers receiving sewer service at the time of the study. Explain.

Response: Coolbrook does not dispute the notion that the study's performance benefits future as well as current ratepayers.

25. Explain why the cost of any Inflow and Infiltration study should not be amortized and recovered over a period of time longer than one year.

Response: In its rate application, Coolbrook proposed a 12-month surcharge of \$6.75 per month to fund the Inflow and Infiltration study. A 12-month surcharge was proposed for two reasons. First, Coolbrook believes the Kentucky Division of Water and the U.S. Environmental Protection Agency ("EPA") consider this study to be urgently needed to protect the environment, and if it is urgently needed it should be funded and performed as quickly as is reasonably possible. Second, the \$35,200 estimated cost of the study spread over 12 months produces a surcharge amount of \$6.75 per month, which

Coolbrook believes is reasonable, affordable, and allows completion of the study without undue delays.

The Commission has already approved a 24-month surcharge of \$5.45 per month for the completion of an Inflow and Infiltration study for Ridgelea Investments' Franklin County sewer systems, which lie in close proximity to Coolbrook. Coolbrook's proposed surcharge of \$6.75 per month is not much higher than the \$5.45 per month approved for Ridgelea, and allows the study to be completed in half the time.

Ultimately, Coolbrook wants to be a good steward of the environment and fully cooperate with all regulatory agencies, including the Public Service Commission, the Kentucky Division of Water, and the EPA. In an ideal world, the public policy positions of each of these regulatory agencies would be fully consistent, and not in conflict with each other. If the policy positions of these agencies are consistent with each other, Coolbrook believes a 12-month surcharge of \$6.75 per month is reasonable. However, if the Commission deems a 24-month surcharge to be more appropriate in this case, Coolbrook accepts this timeframe so long as it is not caught between two conflicting regulatory agendas.

26. Explain why the performance of an Inflow and Infiltration study on a sewer utility with plant and sewer lines in service for more than 20 years would be an unusual occurrence and not normal practice within the wastewater industry.

Response: Coolbrook believes that "normal practice within the wastewater industry" is greatly affected by the regulatory decisions of the U.S. government. Particularly within the past two years, more and more sewer systems are being required by the U.S. EPA to address aging infrastructure needs, and particularly the need to repair or replace aging sewer lines. One of Kentucky's largest sewer systems, the Metropolitan Sewer District in Jefferson County, is under a federal Consent Decree to take costly and extraordinary measures to address such issues. In addition, several smaller package treatment plants have been required by the Kentucky Division of Water – with either the encouragement or the direction of the U.S. EPA – to address inflow and infiltration issues. Recent examples include not only Coolbrook, but also Ridgelea Investments and Hillridge Facilities. In summary, the performance of Inflow and Infiltration studies may not have been "normal practice" in the past, but such studies are increasingly being required by environmental authorities.

27. Provide all bids or price quotes that Coolbrook solicited for the proposed inflow and infiltration study. If Coolbrook obtained no additional bids or quotes, explain why no additional quotes or bids were obtained.

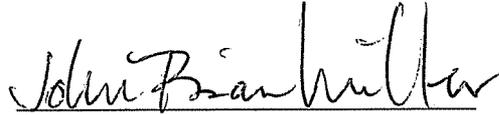

Response: Please find attached a quote from Leak Eliminators, which is the quote that was used in preparing this rate case, and a quote from Martin's Pipeline Inspection. Within the next week to ten days, I am to receive a third quote which I will forward to the PSC at that time.

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations, and any other person or organization qualifying as a Named Insured under this policy. The words "we", "us" and "our" refer to the company providing this insurance.

The word "insured" means any person or organization qualifying as such under Section II - Who Is An Insured.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section V - Definitions.

SECTION I - COVERAGES

COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY

1. Insuring Agreement

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III - Limits Of Insurance; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A or B or medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments - Coverages A and B.

b. This insurance applies to "bodily injury" and "property damage" only if:

- (1) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory";
- (2) The "bodily injury" or "property damage" occurs during the policy period; and
- (3) Prior to the policy period, no insured listed under Paragraph 1. of Section II - Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.

c. "Bodily injury" or "property damage" which occurs during the policy period and was not, prior to the policy period, known to have occurred by any insured listed under Paragraph 1. of Section II - Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim, includes any continuation, change or resumption of that "bodily injury" or "property damage" after the end of the policy period.

d. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph 1. of Section II - Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:

- (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;
- (2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or
- (3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

- e. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury".

2. Exclusions

This insurance does not apply to:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" resulting from the use of reasonable force to protect persons or property.

b. Contractual Liability

"Bodily injury" or "property damage" for which the insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages:

- (1) That the insured would have in the absence of the contract or agreement; or
- (2) Assumed in a contract or agreement that is an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage", provided:
 - (a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and
 - (b) Such attorney fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

c. Liquor Liability

"Bodily injury" or "property damage" for which any insured may be held liable by reason of:

- (1) Causing or contributing to the intoxication of any person;
- (2) The furnishing of alcoholic beverages to a person under the legal drinking age or under the influence of alcohol; or
- (3) Any statute, ordinance or regulation relating to the sale, gift, distribution or use of alcoholic beverages.

This exclusion applies only if you are in the business of manufacturing, distributing, selling, serving or furnishing alcoholic beverages.

d. Workers' Compensation And Similar Laws

Any obligation of the insured under a workers' compensation, disability benefits or unemployment compensation law or any similar law.

e. Employer's Liability

"Bodily injury" to:

- (1) An "employee" of the insured arising out of and in the course of:
 - (a) Employment by the insured; or
 - (b) Performing duties related to the conduct of the insured's business; or
- (2) The spouse, child, parent, brother or sister of that "employee" as a consequence of Paragraph (1) above.

This exclusion applies:

- (1) Whether the insured may be liable as an employer or in any other capacity; and
- (2) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion does not apply to liability assumed by the insured under an "insured contract".

f. Pollution

(1) "Bodily injury" or "property damage" arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants":

(a) At or from any premises, site or location which is or was at any time owned or occupied by, or rented or loaned to, any insured. However, this subparagraph does not apply to:

(i) "Bodily injury" if sustained within a building and caused by smoke, fumes, vapor or soot produced by or originating from equipment that is used to heat, cool or dehumidify the building, or equipment that is used to heat water for personal use, by the building's occupants or their guests;

(ii) "Bodily injury" or "property damage" for which you may be held liable, if you are a contractor and the owner or lessee of such premises, site or location has been added to your policy as an additional insured with respect to your ongoing operations performed for that additional insured at that premises, site or location and such premises, site or location is not and never was owned or occupied by, or rented or loaned to, any insured, other than that additional insured; or

(iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire";

(b) At or from any premises, site or location which is or was at any time used by or for any insured or others for the handling, storage, disposal, processing or treatment of waste;

(c) Which are or were at any time transported, handled, stored, treated, disposed of, or processed as waste by or for:

(i) Any insured; or

(ii) Any person or organization for whom you may be legally responsible; or

(d) At or from any premises, site or location on which any insured or any contractors or subcontractors working directly or indirectly on any insured's behalf are performing operations if the "pollutants" are brought on or to the premises, site or location in connection with such operations by such insured, contractor or subcontractor. However, this subparagraph does not apply to:

(i) "Bodily injury" or "property damage" arising out of the escape of fuels, lubricants or other operating fluids which are needed to perform the normal electrical, hydraulic or mechanical functions necessary for the operation of "mobile equipment" or its parts, if such fuels, lubricants or other operating fluids escape from a vehicle part designed to hold, store or receive them. This exception does not apply if the "bodily injury" or "property damage" arises out of the intentional discharge, dispersal or release of the fuels, lubricants or other operating fluids, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent that they be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor;

(ii) "Bodily injury" or "property damage" sustained within a building and caused by the release of gases, fumes or vapors from materials brought into that building in connection with operations being performed by you or on your behalf by a contractor or subcontractor; or

(iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire".

(e) At or from any premises, site or location on which any insured or any contractors or subcontractors working directly or indirectly on any insured's behalf are performing operations if the operations are to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants".

(2) Any loss, cost or expense arising out of any:

(a) Request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants"; or

(b) Claim or "suit" by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of, "pollutants".

However, this paragraph does not apply to liability for damages because of "property damage" that the insured would have in the absence of such request, demand, order or statutory or regulatory requirement, or such claim or "suit" by or on behalf of a governmental authority.

g. Aircraft, Auto Or Watercraft

"Bodily injury" or "property damage" arising out of the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and "loading or unloading".

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" involved the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft that is owned or operated by or rented or loaned to any insured.

(b) the operation of any of the machinery or equipment listed in Paragraph f.(2) or f.(3) of the definition of "mobile equipment".

h. Mobile Equipment

(1) The transportation of "mobile equipment" by an "auto" owned or operated by or rented or loaned to any insured; or

(2) The use of "mobile equipment" in, or while in practice for, or while being prepared for, any prearranged racing, speed, demolition, or stunting activity.

i. War

"Bodily injury" or "property damage", however caused, arising, directly or indirectly, out of:

A separate limit of insurance applies to Damage To Premises Rented To You as described in Section III - Limits Of Insurance.

Paragraph (2) of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

Paragraphs (3), (4), (5) and (6) of this exclusion do not apply to liability assumed under a sidetrack agreement.

Paragraph (6) of this exclusion does not apply to "property damage" included in the "products-completed operations hazard".

k. Damage To Your Product

b. Coverage A does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and

c. Coverage B does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III - LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:

3. The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage A for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".
4. Subject to 2. above, the Personal and Advertising Injury Limit is the most we will pay under Coverage B for the sum of all damages because of all "personal and advertising injury" sustained by any one person or organization.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS

1. Bankruptcy

Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. Duties In The Event Of Occurrence, Offense, Claim Or Suit

a. You must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:

- (1) How, when and where the "occurrence" or offense took place;
- (2) The names and addresses of any injured persons and witnesses; and
- (3) The nature and location of any injury or damage arising out of the "occurrence" or offense.

b. If a claim is made or "suit" is brought against any insured, you must:

- (1) Immediately record the specifics of the claim or "suit" and the date received; and
- (2) Notify us as soon as practicable.

You must see to it that we receive written notice of the claim or "suit" as soon as practicable.

c. You and any other involved insured must:

- (1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";
- (2) Authorize us to obtain records and other information;
- (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit"; and
- (4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.

d. No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

3. Legal Action Against Us

No person or organization has a right under this Coverage Part:

a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or

- b. To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages A or B of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when b. below applies. If this insurance is primary, our obligations are not affected unless any of the other insurance is also primary. Then, we will share with all that other insurance by the method described in c. below.

b. Excess Insurance

This insurance is excess over:

- (1) Any of the other insurance, whether primary, excess, contingent or on any other basis:
 - (a) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
 - (b) That is Fire insurance for premises rented to you or temporarily occupied by you with permission of the owner;
 - (c) That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner; or
 - (d) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion g. of Section I - Coverage A - Bodily Injury And Property Damage Liability.
- (2) Any other primary insurance available to you covering liability for damages arising out of the premises or operations, or the products and completed operations, for which you have been added as an additional insured by attachment of an endorsement.

When this insurance is excess, we will have no duty under Coverages A or B to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

5. Premium Audit

- a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

- a. The statements in the Declarations are accurate and complete;
- b. Those statements are based upon representations you made to us; and
- c. We have issued this policy in reliance upon your representations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a. As if each Named Insured were the only Named Insured; and
- b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

AMENDMENT OF CONDITIONS - PREMIUM AUDIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
PRODUCTS/ COMPLETED OPERATIONS LIABILITY COVERAGE PART
PROFESSIONAL LIABILITY COVERAGE PART

A. The Premium Audit Condition under **Section IV - Conditions** is replaced by the following:

Premium Audit

1. We will compute all premiums for this Coverage Part in accordance with our rules and rates. Premium shown in this Coverage Part as advance premium is a minimum and deposit premium.

The rates for each classification shown in the Declarations are multiplied by the estimated premium bases of that classification for the term to determine the advance premium.

We may conduct an audit of your books to determine the actual premium bases developed during the policy period. To calculate the actual premium developed during the policy period we will use one, or a combination, of the following premium bases: payroll, admissions, gross sales, total cost, area, each exposure unit, units or total operating expenditures.

2. If we determine, whether by audit of your books and records or otherwise, that you are conducting operations not scheduled on this policy, we may add the appropriate classifications and compute the rates and premiums in accordance with our rules and rates in effect on the inception date of this policy, unless coverage has been restricted to "designated operations".

3. Premium Bases.

The premium bases are defined in accordance with our rules and the following additional definitions:

- a. **Payroll** (premium basis symbol p): Remuneration paid to "employees", "casual laborers", "temporary workers", day laborers, statutory workers, seasonal workers or "leased workers", including but not limited to:

- (1) Money or substitutes for money; commissions; bonuses; overtime; payments to statutory insurance or pension plans; profit sharing or incentive plans; pay for holidays, vacation or sickness; and fees paid to employment agencies for temporary personnel provided to you.
- (2) If your operations consist of a number of separate operations classified individually in the Declarations, the payroll will be allocated to each classification where you have maintained records for each separate operation. Any such operation for which separate records are **not** maintained by you will be assigned to the highest rated classification.
- (3) For premium computation purposes, the payroll of executive officers, individual insureds and co-partners is subject to a minimum annual payroll per person of:

\$

(If no entry is made, the minimum payroll as established by our rating rules will apply.)

The rates apply per \$1,000 of Payroll.

- b. **Admissions** (premium basis symbol m): The total number of persons, other than your "employees", admitted to the insured event or to events conducted on the premises whether on paid admissions, tickets, complimentary tickets or passes.

The rates apply per 1,000 Admissions.

- c. **Gross Sales** (premium basis symbol s): The gross amount charged by you, your concessionaires or by others trading under your name for:
- (1) All goods or products, sold or distributed;
 - (2) Operations performed during the policy period; and
 - (3) Rentals; or
 - (4) Dues or fees.
- The rates apply per \$1,000 of Gross Sales.
- d. **"Total Cost"** (premium basis symbol c) means the total cost of all work let or sublet in connection with each specific project including:
- (1) The cost of all labor, materials and equipment furnished, used or delivered for use in the execution of the work including the cost of finished equipment installed whether or not furnished by the contractor, or subcontractor, or by you; and
 - (2) All fees, bonuses or commissions made, paid or due.
- The rates apply per \$1,000 of Total Cost.
- e. **Area** (premium basis symbol a): The total number of square feet of floor space at the insured premises. The rates apply per 1,000 square feet of Area.
- f. **Each** (premium basis symbol t): This basis of premium involves units of exposure, and the quantity comprising each unit of exposure is indicated in the Declarations, such as "per person". The rates apply per each unit of exposure.
- g. **Units** (premium basis symbol u): A single room or group of rooms intended for occupancy as separate living quarters by a family, by a group of unrelated persons living together, or by a person living alone. The rates apply per Unit.
- h. **Total Operating Expenditures** (premium basis symbol o): Total expenditures (including grants, entitlements and shared revenue) without regard to source of revenue during the policy period including accounts payable. The rates apply per \$1,000 of Total Operating Expenditures.
4. The first Named Insured must keep records of the information we need for premium computation and send us copies at such times as we may request. Failure to supply such records upon request will be deemed a breach of condition and subject this policy, and may subject any in force policy of yours, to cancellation for breach of conditions.
5. We reserve the right to examine and audit your books and records as they relate to this policy at any time during the policy period and up to three years afterward.
6. Premium shown in this Coverage Part as advance premium is a minimum and deposit premium. Advance premium includes any payments identified as premium paid prior to policy expiration. At the close of each audit period, we will compute the earned premium for that period. Audit premium is due and payable upon notice to the first Named Insured. Failure to pay the audit premium due will be deemed a breach of contract and subject this policy, and may subject any in force policy of yours, to cancellation for non-payment of premium.
- a. If the actual earned premium generated as a result of an audit for the policy period is less than the advance premium, such advance premium is the minimum premium for the policy period indicated and is not subject to adjustment.
 - b. If the actual earned premium generated as a result of an audit for the policy period is greater than the advance premium, then a final premium adjustment endorsement will be issued. The additional premium amount shown on the final premium adjustment endorsement is due and payable to us upon notice to the first Named Insured.
7. **Estimated Annual Audit Procedure:**
- If, after three documented attempts, we are unable to examine your books and records to obtain the information necessary to complete the audit, we may implement our estimated audit procedure as outlined below:
- a. An Estimated Audit Endorsement will be issued reflecting a fifty percent (50%) increase in your reported premium basis. This increase is an estimate based on information we have on file, or your business operations.

- b. The Estimated Audit Endorsement will include a copy of the Unproductive Audit Report that outlines the documented attempts made to collect the required information.
- c. If you agree with the Estimated Audit Endorsement, you must remit payment for the full amount of the estimated audit; or
- d. If you dispute the Estimated Audit Endorsement, you must provide the requested audit information so we can calculate the proper earned premium developed for the policy period.

8. Cancellation Audit Procedure.

- a. If the policy is canceled prior to the expiration date the first Named Insured retains the unearned premium; we will retain the earned premium developed by:
 - (1) Multiplying the advance premium by the applicable pro-rata factor, short-rate factor, or minimum earned premium percentage; or
 - (2) An audit of your books and records for the period the policy was in force, whichever is greater.
- b. If the actual earned premium generated as a result of an audit is greater than the advance premium paid at issuance, then a final premium adjustment endorsement will be issued. The additional premium amount shown on the final premium adjustment endorsement is due and payable to us upon notice to the first Named Insured.

B. The following definitions are added to the Definitions section:

- 1. "Casual laborers" are persons who provide services that are performed in the course of the employing unit's trade or business regardless of the amount of remuneration received or the length of time the services are provided.
- 2. "Designated operations" means only those operations performed by any insured that are described on the Common Policy Declarations, the General Liability Coverage Part Declarations, or the endorsements or supplements of this insurance.

All other terms and conditions of this policy remain unchanged.
