In the Matter of:

Windstream Kentucky East, LLC's Petition for
Commission Review And Reversal of a Decision of
the North American Number Pooling Administration)
CASE NO. 2011-00__

MOTION FOR DEVIATION OF PAPER FILING REQUIREMENT

Windstream Kentucky East, LLC ("Windstream") petitions the Kentucky Public Service Commission ("Commission") to grant Windstream approval to deviate from the requirement of 807 KAR 5:001, Section 3 that all documents filed with the Commission be printed. Specifically, Windstream requests that it be excused from filing the ten paper copies (other than the original) of the exhibits its Petition for Review, Application for Grant of Numbering Resources, and Request for Expedited Treatment filed contemporaneously with this Motion ("Application") that Windstream would otherwise be required to file pursuant to 807 KAR 5:001, Sections 3 and 8. In support of its Motion, Windstream states as follows:

Pursuant to 807 KAR 5:001, Section 8, Windstream must file an original and ten copies of its Application and, pursuant to 807 KAR 5:001, Section 3, such copies must be in printed form. Due to the voluminous nature of these exhibits, Windstream is requesting permission to file only electronic copies of such documents on compact disc. Windstream would still file a complete original set of printed copies and would also file ten copies of the primary Application document.

Windstream's exhibits total 336 pages, including cover sheets, which would require production of 3,360 pages. Due to the voluminous nature of these documents, it would be reasonable to permit Windstream to deviate from 807 KAR 5:001, Section 3.

Therefore, Windstream requests deviation from the requirement of 807 KAR 5:001, Section 3 that all documents filed with the Commission be printed and, instead, be permitted to file the exhibits to its Application on compact disc.
