Jerry Bowman echoed those sentiments and added that the growth of Carlisle County or any county depends on the health of its infrastructure and the money that goes into it to maintain it. "The growth of Carlisle County depends on its infrastructure and if we want to continue growth, the growth comes at a price," Bowman said.

gravitated straight to it.
It's no surprise, it's a great
game (I know because I
have played it with other
adults), and sometime dur-
ing all the excitement of
playing with the pieces,
one of them went missing.
We scoured over the room
for about 30 minutes look-
ing for it before we finally
conceded that it was just
gone. The boys were very
apologetic, and did their
very best to try to find
where they might have
placed it, so I really can't
fault them for what hap-
pened. I've lost far worse
through my own mishaps
and absent-mindedness,
even as an adult, and the
piece — if I really want it
— is easily replaced.

The most humorous
part of their visit, though
it wasn't quite as funny
while they were there, was
watching Daisy interact
with them. A 12 year old cat
who spends her entire day
sleeping in a completely
serene and peaceful envi-
ronment to the point that
she is bound to have spats
of boredom suddenly being
bombarded by the pres-
ence of two children who
couldn't (or wouldn't, per-
haps) stop screaming and
running up and down the

are, but busy enough she
never hid from them the
entire weekend. In fact, she
sat in the doorway as they
raced by and then pan-
icked if she didn't see them
coming. I think she hissed
once and swatted in their
direction and she slithered
away, but she never left
the room. Even when we
closed the door to the back
room because some of the
people in the house were
still sleeping, she sat at
the door and "meowed" for
someone to open it and
let her in where all the
people were. I didn't real-
ly understand how truly
lonely she was until this
weekend. Hopefully, her
and Minnie (a dog I wrote
about a few weeks ago) will
have more opportunities to
interact within the next
few months. Perhaps this
will be a new playmate for
her in what little time she
has left. After all, she is
12 years old. She's had a
full life for a cat, but I can
tell her energy level just
isn't where it was three
to five years ago. I'm hop-
ing she lives for at least
another five years, but I
don't know too many cat
owners who had cats more
than 15 years.

AIR QUALITY PERMIT NO
Draft Federally Enforceable/Conditional Operating Permit Renewal For 3A Composites USA, Inc. Plant I.D. 21-157-0002

3A Composites USA, Inc. has applied to the Division for Air Quality for a renewal of its draft permit to operate an architectural sheet, plastic sheeting, and other products at 208 West 5th Street, Benton, KY 42025. The facility is classified as a Conditional Major source because its potential emissions of regulated and hazardous air pollutants are greater than a major source threshold. The draft permit contains practically enforceable limitations on the source's potential emissions to less than the major source threshold.

An electronic copy of the Division's draft permit will be made available at <http://air.ky.gov/PublicNoticesandHearings.aspx>. Paper copies of the draft permit and relevant supporting information will be available for inspection by the public during business hours at the following locations:

Division for Air Quality, 200 Fair Oaks Lane, Frankfort, KY 40601, phone (502) 564-4444
for Air Quality Paducah Regional Office, 1000 S. Drive, Paducah, KY 42003, phone (270) 522-1111
the Marshall County Public Library, 1003 S. Benton, KY 42025-1315, phone (270) 522-1111

For a period of 30 days the Division will accept comments on the draft permit and afford the opportunity for a public hearing. The first day of the 30-day period will be the day after the publication of this notice and/or public hearing requests should be submitted to James Morse at the above Frankfort address or by email to James.Morse@ky.gov. Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will be necessary to the decision-making process by clarifying issues affecting the draft permit, a hearing will be held. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Mr. Sajjad Quabli at (502) 564-4444. The Commonwealth of Kentucky does not discriminate on the basis of race, color, national origin, sex, age or disability in employment or the provision of services and provides, upon request, reasonable accommodation including auxiliary aides and services necessary to afford individuals an equal opportunity to participate in all programs and activities. Materials provided in alternate format upon request.
