RE: Case No. 2011-00516

RECEIVED  
JAN 11 2012  
PUBLIC SERVICE  
COMMISSION

Dear Mr. Derouen:

Delta hereby requests a waiver from the effective date of February 1 as stated in its Conservation/Efficiency Program Cost Recovery Applicable to Residential Rate Schedule from rates becoming effective February 1, as set out in the December 27 application, to rates becoming effective with the first billing cycle of February 7. This would be consistent with its GCR filing effective with the first billing cycle of February. Delta also requests a waiver of the 30 day notice as required by KRS 278.180. Delta mailed its current filing on December 20, 2011 requesting an effective date for the first billing cycle of February 2012 which includes meters read on and after January 23, 2012. Although this filing was mailed on December 20, 2011 it was not received by the PSC until December 27, 2011 due to the Christmas holidays. Therefore, Delta requests a shortened notice requirement.

Thank you for your consideration in this matter.

If you have any questions, please contact me.

Sincerely,

*Connie King*
