Re: East Kentucky Power Cooperative, Inc.
Petition for Confidential Treatment received 6/25/12
PSC Reference – Case No. 2012-00149

Dear Mr. Goss:

The Public Service Commission has received the Petition for Confidential Treatment you filed on June 25, 2012 on behalf of East Kentucky Power Cooperative, Inc. ("EKPC") to protect certain information filed with the Commission as confidential pursuant to Section 7 of 807 KAR 5:001 and KRS 61.878. The information you seek to have treated as confidential is identified as being contained in EKPC's Responses to Commission Data Request Nos. 13 and 22. The information is described as including interest rates, projected cost of capital borrowing, capital costs of potential generation facilities, projected environmental compliance costs, and costs to member systems with associated sensitivity projections.

Your justification for having the Commission handle this material as confidential is that the public disclosure of the information could result in an unfair commercial advantage to competitors.

Based on a review of the information and pursuant to KRS 61.878 and 807 KAR 5:001, Section 7, the Commission has determined that the information requested to be held confidential is of a proprietary nature, which if publicly disclosed would permit an unfair commercial advantage to EKPC's competitors. Therefore, the information requested to be treated as confidential **meets the criteria for confidential protection** and will be maintained as a nonpublic part of the Commission's file in this case. The procedure for usage of confidential materials during formal proceedings may be found at Section 7(8) of 807 KAR 5:001.

If the information becomes publicly available or no longer warrants confidential treatment, East Kentucky Power Cooperative, Inc. is required by Section 8(9)(a) of 807 KAR 5:001 to inform the Commission so that the information may be placed in the public record.

Sincerely,

Jeff DeBuen
Executive Director
