RE: Owen Electric Cooperative, Inc.
Case No. 2012-00448
Filing Deficiencies

The Commission Staff has conducted a further review of Owen Electric Cooperative, Inc.'s application in the above case and determined that there are two additional deficiencies not previously noted in our letter dated March 18, 2013.

Filing deficiencies pursuant to:

- (1) 807 KAR 5:001, Section 16(4) Notice Requirements. Each notice shall contain the following information: (a) – The present and proposed rates for each customer class. Owen Electric's customer notice, Exhibit D to the application, does not include the existing and proposed rates as of September 1, 2013, and as of March 1, 2015, for Schedule 1 – Farm and Home and for Schedule 1 – Small Commercial.
- (2) 807 KAR 5:001, Section 16(4)(g) – A statement that a person may examine this filing and any other documents the utility has filed with the Public Service Commission at the offices of (the name of the utility) located at (the utility's address) and on the utility's Web site at (the utility's Web site address), if the utility maintains a public Web site. Owen Electric's customer notice, Exhibit D to the application, does not include this statement and its Web site address.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date. When you file the required information to correct the deficiencies, you may re-file your proposed tariff with a new proposed effective date that is a least 30 days from the date you file the required information. You are requested to file this information within 10 days of date of this letter.

If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

Linda Faulkner
