Ms. Wilkerson-

Is your e-mail intended as a public comment for a case file? If so, I need to know which water company and rate case you are referring to, as well as your place of residence. Thank you.

I am writing to oppose the increase in the water bill and the request to adjust rate annually to cover cost for the company. Many of your customers have either lost jobs or are facing job losses. Many families are just getting by. The cost of food is rising and many of us haven't had raises in several years. At some point, you have to realize that the customer just can't pay anymore. The shape of the economy isn't were it needs to be to ask the public to pay more for the water service.
