COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN EXAMINATION OF THE APPLICATION)	
OF THE FUEL ADJUSTMENT CLAUSE OF)	
LOUISVILLE GAS AND ELECTRIC)	CASE NO. 2012-00553
COMPANY FROM NOVEMBER 1, 2010)	
THROUGH OCTOBER 31, 2012)	

AMENDED MOTION FOR CLARIFICATION AND AMENDMENT OF ORDER

Louisville Gas and Electric Company (“LG&E”) moves for clarification and amendment of the Kentucky Public Service Commission’s (“Commission”) Order of May 17, 2013, in the above-captioned proceeding. Specifically, LG&E requests the Commission to issue an amended order approving the use of the proposed incremental loss factor of 0.5% for FAC reporting purposes effective with the July, 2013 billing cycle. Specifically, LG&E requests approval to use an incremental line loss factor of 0.5% to determine the cost of fuel associated with line losses incurred to make intersystem sales and recovered from such sales.

In LG&E’s Response to the Commission Staff’s First Request for Information issued on February 13, 2013, Question No. 36, LG&E noted that the results of a recently completed line loss study of its entire transmission and distribution system support the use of an incremental loss factor of 0.5% when determining the cost of fuel associated with line losses incurred to make intersystem sales and recovered from such sales for the monthly fuel adjustment clause filings. LG&E included a copy of the updated incremental line loss study as an attachment to the response. In that response, LG&E requested the Commission to approve the use of an incremental loss factor of 0.5% when determining the cost of fuel associated with line losses incurred to make intersystem sales and recovered from such sales for fuel adjustment clause

reporting purposes. In addition, Commission Staff Counsel asked a couple of questions concerning the proposed line loss factor and the associated study during the hearing. However, the May 17, 2013 Order did not address this issue. LG&E respectfully requests the Commission to expressly approve the proposed the use of the proposed incremental line loss factor before June 14, 2013, when LG&E will submit its Fuel Adjustment Clause monthly filing for the May expense month for billing with the first billing cycle for the July, 2013 billing month which begins on June 26, 2013.

WHEREFORE, Louisville Gas and Electric Company respectfully requests that the Commission enter an Order before June 14, 2013, granting the clarification and amendment of the May 17, 2013 Order as requested in this Motion.

Dated: June 3, 2013

Respectfully submitted,

Allyson K. Sturgeon
