	)	
V.	)	CASE NO. 2013-00019
	)	
HENRY COUNTY WATER DISTRICT #2	)	
	)	
DEFENDANT	)	

ORDER

Complainants filed a complaint with the Commission on January 8, 2013 in which they allege a dispute with Henry County Water District No. 2 ("Henry District") over the ownership and maintenance responsibilities of the service line that will provide water service to Complainants. Henry District filed an answer on February 7, 2013 stating that the issue had previously been adjudicated. In the answer and in a February 22, 2013 supplemental filing, Henry District further requested issuance of orders allowing it to proceed with the December 18, 2012 Henry Circuit Court Order to install a service line.

The Commission issued an Order on May 22, 2013 establishing a procedural schedule with the first set of requests for information being filed by both parties no later than June 3, 2013. In early June 2013, both parties filed pleadings indicating they believed a settlement had been reached, but requested an additional 30 days to finalize the settlement agreement. The Commission issued an Order on July 1, 2013 granting

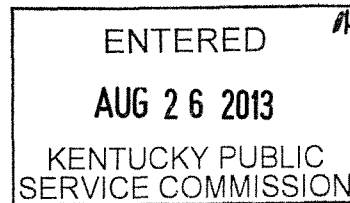

the request for additional time and established a new procedural schedule should the parties not settle.

On August 8, 2013, the Commission received the parties' Joint Stipulation of Dismissal indicating the subject action was settled.

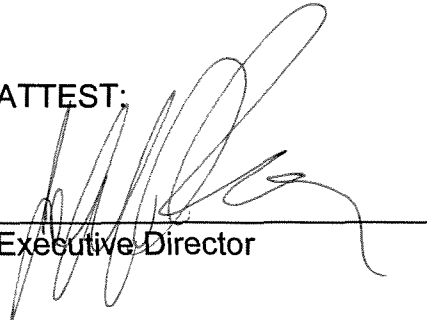

Based on the parties' request that this case be dismissed and finding good cause, the Commission HEREBY ORDERS that:

1. Complainants' complaint is dismissed as satisfied.
2. This case is closed and removed from the Commission's docket.

By the Commission
