COMMISSION

Attn: Executive director

Subject: PSC case 2013-00008

Gentlemen:

This is in reply to your correspondence of May 31, 2013, received June 3, 2013.

We are currently in discussions to revolve the reference complaint with LGE.

One of the items requested and not resolved by us is the parallel test. Again we are requesting that a parallel test be run with the defective meter No. 384880 and a digital electric meter to determine the mechanical accuracy of the defective meter mentioned above.

We look forward to a positive response from the PSC and will continue to discuss a settlement with LGE.

Sincerely,

Glen Damron
