ORDER

By Order dated March 6, 2014, the Commission ordered Fountain Run to refund improperly assessed sewer bills for a period dating back five years. The Commission further ordered Fountain Run to submit documentation regarding the number of customers billed under the policy, the amounts billed, and a plan for issuing refunds.

On April 8, 2014, the Commission granted Fountain Run an extension of time through May 5, 2014, within which to file the requisite information. Fountain Run submitted its response on May 7, 2014. In its response, Fountain Run stated that a total of 60 customers would be reimbursed \$12,691.44 beginning in July of 2014.

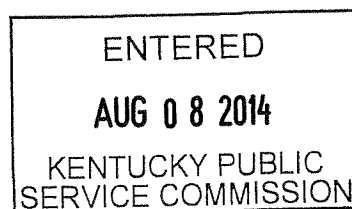

Thereafter, on May 9, 2014, Fountain Run tendered a motion for the Commission to accept its May 7 filing, which was filed two days after the extended deadline. Fountain Run states that the document was inadvertently mailed rather than hand delivered to the Commission's offices and therefore arrived after the May 5 deadline.

Fountain Run states that no party was prejudiced by the delay and further notes that Complainant Robert Hawkins was served via mail on May 2, 2014.

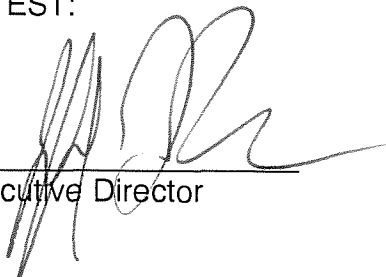

Having considered the motion and being otherwise sufficiently advised, the Commission finds good cause to grant Fountain Run's motion.

IT IS THEREFORE ORDERED that Fountain Run's May 7, 2014 filing is accepted for filing in compliance with the Commission's March 6, 2014 and April 8, 2014 Orders.
