RE: Case No. 2013-00197
Filing Deficiencies

The Commission Staff has reviewed Kentucky Power Company's application in the above case. This filing is rejected for the reasons set forth below.

Filing deficiencies pursuant to:

807 KAR 5:001, Section 16(4)(a):

The present and proposed rates for each customer class to which the proposed rates apply. The customer notice in Section II, Exhibit B, of the application contains two errors. On page 7 of 21, under Tariff MGS-TOD, the current energy charge for KWH used during on-peak billing periods is incorrect. Also, on page 15 of 21, under Tariff SSC, the current system sales amount for the month of December is incorrect.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date. When you file the required information to correct the deficiencies, you may re-file your proposed tariff with a new proposed effective date that is a least 30 days from the date you file the required information. You are requested to file 10 copies of this information within 15 days of date of this letter. If you need further assistance, please contact my staff at 502-564-3940.

Sincerely,

Linda Faulkner
Filings Division Director
