Re: Application of Classic Construction, Inc. ("Classic Construction") for Rate Adjustments
for Small Utilities
Case No 2013-00258

Dear Ladies and Gentlemen:

On November 25, 2013, you were served with a copy of Classic Construction's Comments to the Commission Staff's Report ("Report"). Inadvertently, the first page of Classic Construction's Comments and the Affidavit of Russell Givens, attached as an exhibit thereto, contained the incorrect case number. Accordingly, I have enclosed for your files a first page of the Comments and Mr. Givens' Affidavit containing the correct case number. I apologize for any inconvenience this may have caused.

One additional matter, I have also enclosed for your files a copy of Classic Construction's Motion to Late File Comments to the Commission Staff's Report and to file an original and one copy of its Comments. Please call me if you have any questions concerning this matter.

Yours truly,

Robert C. Moore

**CLASSIC CONSTRUCTION, INC.'S MOTION TO LATE FILE
COMMENTS TO STAFF REPORT
AND TO FILE AN ORIGINAL AND ONE COPY OF COMMENTS**

Comes Classic Construction, Inc. ("Classic Construction"), by counsel, and for its Motion to Late File Comments to the Commission Staff's Report ("Report") and to file an original and one copy of its Comments, states as follows:

- 1) The Commission Staff Report was filed in the above-styled case on October 31, 2013. Classic Construction was given until November 14, 2013 to file its response to the Commission Staff Report.
- 2) On November 14, 2013, the undersigned filed his Notice of Entry of Appearance notifying the Public Service Commission that he would be representing Classic Construction in this case, and by Order entered on November 15, 2013, the parties were given until November 25, 2013, within which to file any Comments to the Staff Report.
- 3) The afternoon of November 25, 2013, Classic Construction was still receiving information from third parties that was needed to prepare its Comments to the Staff Report. Therefore, the Comments to Staff Report were completed late in the afternoon of November 25, 2013.
- 4) Classic Construction's Comments to Staff Report were served upon the parties on November 25, 2013. However, it was too late in the day to file at the Commission's File

Room Classic Construction's Comments to Staff Report.

- 5) The granting of Classic Construction's Motion to Late File its Comments to Staff Report should not cause prejudice to any party, as the comments were served on the parties by First Class Mail on November 25, 2013, and the Comments to Staff Report were tendered to the Commission for filing the morning of November 26, 2013.
- 6) Classic Construction requests that the requirement set forth in 807 KAR 5:001, Section 7 to file ten (10) copies of its Comments be waived and that it be allowed to file the original and one copy of its Comments due to their voluminous size. In support of this request, Classic Construction states that it will file any further documents in this case electronically using the procedures set forth in 807 KAR 5:001, Section 8.

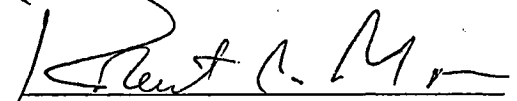

Respectfully Submitted,
