Public Service Commission

Frankfort, KY 40602

To the Commission:

The Elkhorn Water District respectfully requests that the Commission allow us to make an adjustment in our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment Clause.

The District purchased 64,849,400 gallons from June 2012 to May 2013. The District sold 53,146,000 gallons to its customers. The effective cost of water purchased was 2.01 during the test period. With the pass through of the Kentucky River Authority withdrawal fee by the Frankfort Electric and Water Plant Board the new cost is expected to be 2.11 making the total new cost \$136,832.23. The difference between the old cost and the new cost is expected to be \$6,484.94; the incremented cost in terms of water sold is \$.12 per 1,000 gallons. We propose to raise each gallonage block that amount.

The following documents are enclosed:
